Marcos Says Rebellion Under Way

MANILA (AP) — President Ferdinand E. Marcos said today an armed rebellion supported by a foreign power is under way in the Philippines. He did not name the foreign power.

Marcos said in a broadcast that a rebellious force based in Marxist-Leninist-Maoist ideologies was responsible for the grenade attack on a Liberal party political rally in Manila Saturday night. Two explosions killed nine persons and wounded more than 90 others, including all senatorial candidates of the minority party for November's election.

Marcos told newsmen that nine leaders of the insurrection have been arrested but declined to give details.

Though Marcos refused to name the foreign power involved, Communist China has praised publicly the New People's Army, or NPA, an underground armed antigovernment organization operating mostly in central Luzon, the rice bowl area north of Manila. The foreign office has notified Philippine embassies that NPA agents were believed to have thrown the grenade at the Saturday night rally.

The NPA was organized in late 1969 as an offshoot of the Marxist Huk guerrillas, who had fallen into disrepute as a gangster organization not interested in social reform. The Huks were active in the 1950s.

Military sources estimate that the NPA now has only about 300 armed regulars in the countryside and is not so much a threat to the government as the radicals in the cities, bent on inciting the masses to revolt.

Gilligan Threat Of Austerity Mostly Talk?

Survey Finds Most Work Cuts Already Planned

COLUMBUS, Ohio (AP) — A newspaper survey of state agencies shows that austerity cutbacks announced last week by Gov. John Gilligan would only affect about 1,000 fulltime workers.

The governor had said nearly 3,000 state employees would be laid off under the cutbacks in spending he said would be necessary if the Legislature fails to produce a biennial budget by Sept. 1.

The survey, by the Columbus Dispatch, showed that layoff figures for some departments were too high and that figures indicated for others included summer employees who would have been leaving their jobs anyway.

According to the newspaper, the governor's announced layoffs included these discrepancies:

At least 836 of the threatened layoffs are summer employees or parttime help contrary to administration claims that 500-600 fell into such categories.

About 750 layoffs are to be Highway Department employees who were already scheduled to lose their jobs under a separate departmental austerity program resulting from declining gasoline tax revenues.

Some 96 of the layoffs under "legislative and elected officials' staffs," including a 10 per cent in Gilligan's own staff, will depend upon individual decisions of the officials involved. The governor's staff will be cut by five employees, who were already leaving.

A cutback of some 85 employees in the Bureau of Workmen's Compensation and the State Industrial Commission will not be made.

Other department officials said they either had no knowledge where cuts in their agencies would be made or had received no instructions on when to begin the layoffs.

Tainted Soup Is Recalled By Campbell

CAMDEN, N.J. (AP) — The Campbell Soup Co. has recalled thousands of cans of chicken vegetable soup processed in a Texas plant after the discovery of deadly botulism contamination in part of one day's output.

The firm said Sunday it has already recovered about 56 per cent of the soup processed at Paris, Tex., and distributed in 16 Western and Southern states. It said more than 96,000 cans are still in circulation.

"To our knowledge, no illness has been reported as a result of eating the soup," a Campbell spokesman said.

He added that the recall order applies only to chicken vegetable soup processed at Paris and distributed in Alabama, Arkansas, Colorado, Florida, Georgia, Kansas, Kentucky, Louisiana, Nebraska, New Mexico, Mississippi, Missouri, Oklahoma, Tennessee, Texas and Wyoming.

The company urged consumers in those states and in adjoining states to destroy any cans of the chicken vegetable soup they have in their homes. Grocers have been instructed to withdraw the soup from their shelves.

The announcement followed the discovery of neurotoxin botulism in the soup coded 07, p13, 701x. The toxin causes botulism, a type of poisoning which kills its victim within 24 hours unless diagnosed early.

Police Tipped; 25 Persons Held

Thwart Draft Office Thefts

By THE ASSOCIATED PRESS

FBI agents broke up raids by antiwar activists on federal offices in New Jersey and New York over the weekend. Twenty-five persons were arrested, including two Roman Catholic priests and a Lutheran minister.

Six other persons were being sought.

Acting on information supplied by an informant, FBI agents nabbed eight persons at the Camden, N.J., draft office early Sunday and arrested 12 others elsewhere in the city. Government warrants for the arrest of six other persons on

conspiracy charges were issued.

In Buffalo, N.Y., an FBI agent making a security check on the Post Office building Saturday discovered a break-in at the Selective Service office. Three young men and two women were arrested as they attempted to carry draft records away in canvas bags.

Although the FBI would not comment on a possible link between the Buffalo and Camden arrests, a Justice Department spokesman in Washington said: "I'm sure there will be an investigation to see if the two are related."

The informant told the FBI

that plans for the Camden break-in included the use of

nine cars and a van spotted around the Post Office building, in which the draft office is located.

The FBI said the eight-member burglary team, which the informant said had been picked at a meeting on Aug. 14, arrived at the Post Office in the van, put up a ladder and climbed to the second floor fire escape to avoid a burglar alarm on the ground floor.

Some draft records had been destroyed by the intruders, the FBI said, and others had been stuffed into mail bags and lowered to the ground from the

fifth floor before the arrests were made.

The six men and two women arrested in the Post Office building were equipped with binoculars, two way radios, pry bars and flashlights with the lenses taped to emit a thin beam of light, agents said.

The three young men and two women arrested at gunpoint in Buffalo were barefoot and clad in dark shirts and shorts, the FBI said. In addition, all exposed skin had been smeared with charcoal.

They were charged with theft and the destruction of government property.

The 20 arrested at Camden

were charged with conspiracy, theft and destruction of government records, violation of the Selective Service Act of 1967 and breaking and entering.

U.S. Magistrate Charles Rudd set bail and recognizance bonds for the 20 ranging from \$5,000 to \$150,000.

In Buffalo, U.S. Magistrate Edmund F. Maxwell set bail ranging from \$15,000 to \$35,000 for the five arrested there.

In arraignment proceedings at Camden on Sunday, the government said the raid on the draft office in the Post Office building there had been planned for five months. It said its informant had infiltrated the group planning the raid.

The major stumbling block is a proposal by Senate-Democratic Leader Mike Mansfield of Montana to set a nine-month deadline for getting U.S. forces out of Vietnam. An agreement worked out by a conference committee knocked out the deadline, but Mansfield has said he wants it restored in the final Senate version.

Sens. Mike Gravel, D-Alaska, and Mark Hatfield, R-Ore., have served notice they plan to filibuster if attempts are made to pass the bill without the restriction.

Another big battle could occur over the proposed 2.4-billion pay boosts designed to attract men to an all-volunteer Army. In cutting \$300 million from the amount originally approved by both House and Senate, the conference took raises away from lower ranking enlisted men and junior officers.

Sen. Gordon Allott, R-Colo., says he wants the full \$2.7-billion pay raise.

Two Men Charged With Arson In Kirk Barn Fire

Two New Holland men are in Pickaway County jail charged with arson in connection with the Saturday morning fire at the McKinley Kirk horse barn in Perry Township.

Lawrence Snyder, 36, and Carl Holloway, 68, both appeared in Circleville Municipal Court this morning where Snyder pleaded guilty and asked for a court appointed lawyer. Holloway entered a plea of not guilty.

Bond was set at \$10,000 for each man.

An investigation of the fire by Agent Robert Greenwalt of the state fire marshal's office, Pickaway County Sheriff

Dwight Radcliff, Deputy Sheriff Phil Brown and New Holland Fire Chief Frank Wood turned up the two suspects Saturday morning.

AFTER intensive interrogation by the law officers, the suspects admitted being responsible for the blaze which destroyed the 40-stall barn and killed five horses.

The case began to open up when Mr. and Mrs. Adam Saxour III, who live across the road from the Kirk property, gave the lawmen a description of a car seen leaving the scene as the fire broke out.

Snyder, who worked for Kirk as a groom, told officers he was the first one at the scene and helped get the horses out of the barn.

He said he was in a car with Holloway when they spotted the blaze. However, Holloway's story did not jibe with Snyder's and the officers began to check on the two men. Holloway's car also answered the description of the auto seen leaving the scene of the fire.

After being taken to the sheriff's department and interrogated by Greenwalt and Radcliff, Snyder admitted he had accidentally started the blaze.

ACCORDING to the report in the sheriff's office, Snyder had entered the barn to siphon some gasoline from a tractor stored there.

While taking the gas, Snyder dropped a lighted cigarette which fell into the gasoline, creating the inferno.

Both men were booked into Pickaway County jail Saturday afternoon.

Agent Greenwalt stated fine cooperation by the three agencies was responsible for bringing the case to a rapid conclusion.

were charged with conspiracy, theft and destruction of government records, violation of the Selective Service Act of 1967 and breaking and entering.

U.S. Magistrate Charles Rudd set bail and recognizance bonds for the 20 ranging from \$5,000 to \$150,000.

In Buffalo, U.S. Magistrate Edmund F. Maxwell set bail ranging from \$15,000 to \$35,000 for the five arrested there.

In arraignment proceedings at Camden on Sunday, the government said the raid on the draft office in the Post Office building there had been planned for five months. It said its informer had infiltrated the group planning the raid.

Draft Lottery 'Losers' Face Tests

WASHINGTON (AP) — Draft boards have been told to start calling up for physical and mental exams Sept. 1 men who drew numbers 1 through 50 in the last lottery.

Draft Director Curtis W. Tarr said in an interview he ordered the testing to take advantage of the partial lull at induction centers while the actual drafting of men is suspended.

And, he said, it is in line with Selective Service efforts to examine men as far ahead of their potential callup dates as possible so they can plan their futures.

Normal inductions can't resume until Congress approves

the draft-extension bill. The Senate takes up the House-passed legislation Sept. 13.

"If we get a bill passed by Oct. 1 we can start inducting men by Oct. 15," Tarr said. "But there's no way of predicting numbers. I have no idea how many will be called."

The major stumbling block is a proposal by Senate-Democratic Leader Mike Mansfield of Montana to set a nine-month deadline for getting U.S. forces out of Vietnam. An agreement worked out by a conference committee knocked out the deadline, but Mansfield has said he wants it restored in the final Senate version.

Sens. Mike Gravel, D-Alaska, and Mark Hatfield, R-Ore., have served notice they plan to filibuster if attempts are made to pass the bill without the restriction.

Another big battle could occur over the proposed 2.4-billion pay boosts designed to attract men to an all-volunteer Army. In cutting \$300 million from the amount originally approved by both House and Senate, the conference took raises away from lower ranking enlisted men and junior officers.

Sen. Gordon Allott, R-Colo., says he wants the full \$2.7-billion pay raise.

The 1971 draft total had been

estimated at about 142,000 before the draft bill deadline. The pending legislation sets a ceiling of 130,000 in the current fiscal year and 140,000 the following fiscal year.

Senate Awaits State Tax Plan

Panel Has Pair Of Plans Ready

COLUMBUS, Ohio (AP) — Little floor business is scheduled in the Ohio Senate this week as lawmakers await committee action on tax and budget legislation.

Sen. Michael Maloney, chairman of the Senate Ways and Means Committee, says a bill could be ready by the Sept. 1 deadline set by Gov. John Gilligan.

Gilligan has threatened layoffs and cutbacks within government departments if adequate financing is not ready by the start of next month.

Currently before a Ways and Means subcommittee are two bills. One contains a one to three per cent personal income tax and a three to six per cent tax on corporation profits. The other would add two cents to the present four-cent sales tax and impose a three per cent tax on corporation profits.

A Senate Finance Committee source said that body already has pared down the appropriations portion of the bill to the point "where a personal income tax would not be needed to finance it."

But Gilligan, who could veto the legislation, has said he is opposed to a sales tax increase, calling it an "unfair, brutal tax."

Maloney noted that if the Legislature decides the sales tax approach is the answer, nearly all the "goodies," including property tax relief, would be eliminated.

The Senate had an afternoon floor session scheduled today, while the House meets Tuesday morning.

Maloney said he would not defy the government on that point.

He said some controls also should be imposed on corporate profits and bank interest rates "if the freeze goes beyond 90 days."

Vice President Spiro T. Agnew said on ABC's "Issues and Answers" that opposition from organized labor probably will not nullify the wage-price freeze. Referring to opposition from AFL-CIO President George Meany, Agnew said: "I still don't believe any person, any individual, can wreck a president's program that is geared to assist the American people out of a dilemma."

Ky's Refusal To Run Puts Viet Election In Jeopardy

SAIGON (AP) — Vice President Nguyen Cao Ky's refusal to participate in the Oct. 3 presidential election plunged South Vietnam today into the gravest political crisis since the Buddhist uprisings of 1966.

Ky proposed that he and President Nguyen Van Thieu both resign from office to pave the way for a new election. He said this was the only way "to avoid the prospects of dark days in the history of the nation."

There was no immediate comment from the presidential palace, but political observers

doubted that Thieu would agree to Ky's proposal.

The U.S. Embassy, which successfully maneuvered Ky back on the ballot after Gen. Duong Van Minh's withdrawal from the race left Thieu unopposed, issued a brief statement saying it regretted the vice president's decision. Officials at the Western White House in San Clemente, Calif., also expressed regret but indicated the U.S. government still hopes Thieu will face more than token opposition.

Radio Hanoi said the Supreme Court's reversal putting Ky back on the ballot was a "farce ordered by President

Nixon in a vain attempt to give the appearance of legality" to the election.

"Nixon has already declared that Thieu is to be reelected," Hanoi said. "But to make it look like a true and legal election Nixon had to have two candidates. So he ordered the puppet regime court that had thrown Ky out to put Ky back in."

Despite Ky's refusal to campaign, his name will appear on the ballot in accordance with the election law's provision that "candidates do not have the right to withdraw" after the Supreme Court's final posting of the election list.

Roundtown

PRE-registration for new students enrolling at Washington Twp. School will be held from 9 a.m. until noon on Thursday at the school building.

AN estimated 8,000 persons were on the Mt. of Praise Camp Grounds for Sunday services. The annual camping event, one of the biggest events in the city, will extend through Sunday.

PICKAWAY County Commissioners met today, minus one member. Wayne Hines is a patient in Riverside Methodist Hospital, Columbus, where he was transferred from Berger.

Hines entered the hospital Saturday night. Dick T. Tootle, chairman of the board of commissioners returned today after being absent for several meetings while undergoing and recuperating from surgery.

"They're afraid to leave me here alone," Commissioner Charles Morris said. "They wait till one gets well before the other one goes to the hospital."

Governor Seeks Court Test Of Nixon's Freeze Actions

WASHINGTON (AP) — Texas Gov. Preston Smith says he will obey the courts if they rule he cannot implement a state employees' pay raise in defiance of President Nixon's wage-price freeze.

But the Democratic governor repeated Sunday that he thinks the President cannot override the state law permitting the Sept. 1 raises.

"It would be our guess that this ought to be carried to the Supreme Court to determine whether or not the president of the United States, any president, has the authority to void a law which has been duly enacted by the people of our state," he said.

The Justice Department has said it will file suit this week to prevent the pay increases.

Smith said he would obey a possible temporary injunction pending appeal and "if the courts hold with them (the government), well of course we'll have no alternative."

Asked why he would not call a legislative session to postpone the increases, he said: "Because I would like this question (of presidential) authority to

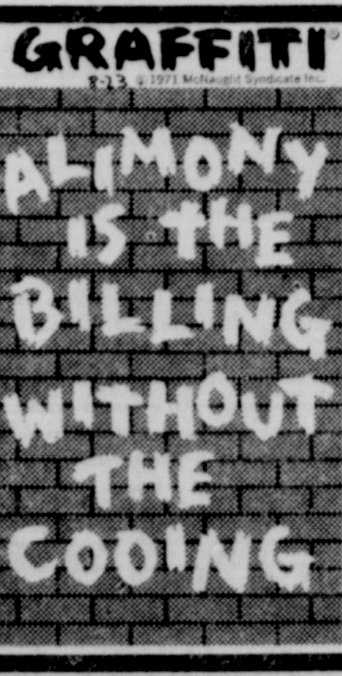

void a state law) solved once and for all."

Although no other governors have challenged the freeze, he said, "we are about the only state affected. The others have already had their legislative sessions and their pay raises have been implemented."

As Smith spoke on CBS' "Face the Nation," Gov. George Wallace of Alabama told an NBC "Meet The Press" panel that raises of state employees and teachers should go into effect.

But he said he would not defy the government on that point. He said some controls also should be imposed on corporate profits and bank interest rates "if the freeze goes beyond 90 days."

Vice President Spiro T. Agnew said on ABC's "Issues and Answers" that opposition from organized labor probably will not nullify the wage-price freeze. Referring to opposition from AFL-CIO President George Meany, Agnew said: "I still don't believe any person, any individual, can wreck a president's program that is geared to assist the American people out of a dilemma."

Lawyer Sought In San Quentin Breakout Bid Fatal To 6

SAN QUENTIN, Calif. (AP) — The San Francisco Chronicle reported today that an Oakland attorney is being sought for questioning in the investigation into Saturday's bloody breakout try at San Quentin Prison in which Soledad Brother George Jackson and five others died.

The paper said prison authorities identified him as Stephen Mitchell Bingham, 29, and said he was the lawyer who visited Jackson Saturday afternoon.

The Chronicle said prison authorities reported that Jackson, minutes after leaving Bingham in the visiting room, produced a 9mm pistol and launched his abortive escape attempt.

Bruce Bales, Marin County district attorney, confirmed that Bingham was being sought, the Chronicle said. Bales would not say precisely why.

The Chronicle said Bingham is a grandson of the late Hiram

Bingham who served as Connecticut governor and U.S. senator before his death in 1956.

The paper quoted prison sources as saying: "We know he (Jackson) was clean when he entered the visiting room—he underwent a skin search—and that on leaving he was not out of the sight of his guards."

"And he was hot—he had a gun—when the guards were about to search him again."

Prison officials say they now believe a San Quentin sergeant's concerned curiosity may have triggered Jackson into starting the escape try earlier than he and fellow convicts had planned.

The sergeant and Jackson were among six men killed Saturday in what prison officers call San Quentin's "blackest, bloodiest day."

Sgt. Jere Graham was shot in the forehead when he went in

side the maximum security adjustment center apparently to check on why other guards had failed to emerge, Associate Warden James Park said Sunday.

Jackson, 29, brandishing a foreign-made pistol was cut down by rifle fire from a guard tower as he and another black convict dashed into a sunlit courtyard toward a 20-foot wall, prison authorities said.

Four other victims—two

guards and two convicts—were found covered with blood in Jackson's cell, some with their throats cut. All but Jackson were white.

Prison officials earlier reported that all five white victims, including Graham, had been slashed to death.

Park said in an interview late Sunday that investigators could give this account of what happened:

Migrant Worker Dies In Lightning Strike

FREMONT, Ohio (AP) — One migrant worker was killed and seven others injured when lightning struck their camp in Sandusky County Saturday night.

Dead was Gregorio Yanez, 23, of Brownsville, Tex. The others, all from the Brownsville area, were taken to Fremont Memorial Hospital for treatment of burns.

Agreement On Berlin 'Is Reached'

BERLIN (AP) — The Big Four ambassadors have completed a draft agreement on the future of Berlin and will submit it to their governments for approval, U.S. Ambassador Kenneth Rush announced today.

"We have a draft agreement for submission to our governments," Rush told reporters. "I feel it will improve the situation in Berlin."

Piotr Abramov, Soviet ambassador to East Germany, stood at Rush's side and declared: "Everything is perfect."

The agreement was finished at six sessions in the past two weeks, and while its details were not announced it presumably included the vital question

High St. House Damaged By Fire

A house at 121 E. High St. suffered several thousand dollars damage by fire early this morning.

Circleville firemen responded to the call at 12:05 a.m. today at the residence of Larry Magana on High St. Their investigation revealed that the residents had disconnected the gas range without shutting off the gas. The escaping vapors were ignited by the hot water heater.

Loss was estimated at approximately \$2,000 to the building and \$1,000 to contents.

Sunday evening, the firemen were called to the home of Herman Jack Diltz, Second Street, at 9 p.m. Children playing with matches under a bed caused about \$10 loss to mattress supports.

6 Area Motorists Forfeit Bonds

Six area motorists forfeited bonds in Circleville Municipal Court Friday. They were: Mark R. Knece, 18, Stoutsville; Ronnie E. Snyder, 18, 31 Morris Court; Charles E. Hines, 43, Ashville, \$24 for exceeding the speed limit by 15 miles per hour; Danny R. Easter, 20, Williamsport, \$24 for passing without assured clear distance ahead; Harriet Griffith, 49, Route 4, \$24 for stop sign violation; Howard Nelson, 21, Laurelville, \$19 for speeding 70 miles per hour in a 60 mile zone.

Robert E. Nesser, 24, Laurelville, was fined \$15 and costs for operating an unsafe motor vehicle.

Draft . . .

(Continued from Page 1)
year, the Army asked for 83,000 and draft boards provided 83,000 with the difference remaining when the draft law expired June 30.

Men who lost deferments could be called up now, Tarr has said, but both he and Secretary of Defense Melvin Laird are reluctant to use this except as an emergency resort if Congress remains stymied.

The low-number men in Aug. 5 lottery won't be the first called in 1972. At the head of the line will be those whose numbers were called this year while they had deferments but who gave them up too late in 1971 to be drafted before Jan. 1.

Tarr said he will select a number in December as the callup ceiling for those who were assigned draft numbers this month.

The biggest long-range impact is expected to come from elimination of undergraduate college deferments after last June 30. This means any men who obtained deferments this summer or were planning to get them this fall would be subject to induction.

But officials are telling men to go ahead and get them in case Congress changes the date.

Basically the June 30 date would affect only this year's crop of freshmen and future freshmen, since students in higher grades already have deferments and may keep them until they graduate or fail.

Officials are waiting to see what effect the wiping out of undergraduate deferments will have on ROTC enrollments. Being in ROTC does not provide an automatic deferment. To get an ROTC deferment a student must agree to take the whole four-year course and to go on active duty after being commissioned upon graduation. However, a student may join ROTC and wait until he knows his draft status before making up his mind whether to apply for four years.

Nixon Eyes Economy

SAN CLEMENTE, Calif. (AP) — Allies say President Nixon made important economic decisions during the weekend at the Western White House. But they aren't saying what the President decided.

Associates reported Sunday that Nixon relayed a number of decisions by telephone Saturday to Secretary of the Treasury John B. Connally in Washington. The Treasury chief heads the new Cost of Living Council that is supervising the current 90-day wage-price-rent freeze.

There was no immediate word as to whether Nixon had been most involved in current controversies—such as anti-freeze opposition by AFL-CIO President George Meany and Democratic Gov. Preston Smith of Texas—or with the council's initial efforts to plan restraints extending beyond the scheduled Nov. 12 expiration of the freeze. Ziegler said only that Nixon is taking advantage of a two-week stay at his oceanside home here to "think alone" and do "massive reading" on economic matters, the federal budget and his journey to Peking sometime before next May.

He also faced the necessity of doing homework for his announced Sept. 26 meeting at Anchorage, Alaska, with Japan's Emperor Hirohito—the first meeting of a U.S. president and Japanese emperor and the monarch's first trip outside his homeland since becoming emperor.

Train Buff Finds Hobby Dangerous

WINTER HAVEN, Fla. (AP) — When Henry Ager went to see the "Spirit of 76" train Sunday he ended up with a lot closer look than he bargained for.

Ager, 27, was parked at a rail crossing waiting for the train when another car came up behind him, hit his vehicle and knocked it onto the tracks, police said.

Ager look up to see the bright red, white and blue engine of the Spirit bearing down on him a couple of hundred yards away.

He scrambled to safety a split second before the train turned his car to mangled scrap.

Auditions Held For Boys' Choir

Auditions for the Circleville Boys' Choir are being held this week for boys in grades four through seven.

Membership in the choir is gained only by this audition with only 35 boys accepted for membership this year.

The choir will begin rehearsals on Sept. 9 at which time all auditions will be concluded. To audition, interested boys should contact Paul Dunkle at 474-2459 this week.

The choir is a self-supporting organization which performs for local groups and churches and presents two yearly concerts for the public.

Founded in 1968 by the director, Paul Dunkle, this select group gives young boys an opportunity to sing in a group unlike any others available in Circleville.

Nix Caudill's Release Plea

Judge William Ammer filed an opinion in which he dismissed a plea by Rodney William Caudill for suspension of his penitentiary sentence.

Caudill entered guilty pleas May 29, 1971, to charges of assault with intent to kill and being a convicted felon in possession of a gun stemming from the shooting at Tootle's Pumpkin Inn, on E. Main St. He was sentenced to two consecutive prison terms of 1 to 15 and 1 to 5 years.

Ammer refused to suspend execution of sentence under legislation for "shock" probation allowing for its termination within 60 days since Caudill's application was received after the two-month period ended. The court ruled that it no longer had jurisdiction in this area.

Agreement On Berlin 'Is Reached'

BERLIN (AP) — The Big Four ambassadors have completed a draft agreement on the future of Berlin and will submit it to their governments for approval, U.S. Ambassador Kenneth Rush announced today.

"We have a draft agreement for submission to our governments," Rush told reporters. "I feel it will improve the situation in Berlin."

Piotr Abramov, Soviet ambassador to East Germany, stood at Rush's side and declared: "Everything is perfect."

The agreement was finished at six sessions in the past two weeks, and while its details were not announced it presumably included the vital question of Western access to West Berlin.

Abramov, Jean Sauvagnargues of France and Sir Roger Jackling of Great Britain stood on the steps of Rush's West Berlin residence to pose for photographers.

It was the 33rd session of the Big Four ambassadors to divided Germany in a 17-month series that began on March 26, 1970. Rush, Sauvagnargues and Jackling are ambassadors to West Germany.

The agreement is understood to involve a wide spectrum that includes:

- Access to and from isolated West Berlin.
- Passage through the Wall into East Berlin for West Berliners.
- Conditional West German political presence in West Berlin.
- West German representation of West Berlin abroad.
- Soviet diplomatic representation on the consulate-general level in West Berlin.

The four envoys have been working on a so-called umbrella agreement, and the East and West Germans would work out the details.

With speculation mounting that this would be the last meeting in the series that began 17 months ago, allied sources cautioned that whatever resulted would have to be referred to the various capitals for consideration.

It also was pointed out that details of any agreement would have to be worked out by the East and West Germans, and these negotiations could prove difficult.

Unconfirmed German accounts said the Russians have agreed to share responsibility for civilian traffic in and out of West Berlin with the other three powers, but the word guarantee was said to be missing from the draft agreement.

The West has been seeking a Berlin access guarantee, Soviet endorsement of West Berlin's economic ties to West Germany and West German representation of West Berliners abroad.

In return, it is understood that the Western powers are offering to reduce the West German political presence in West Berlin and agree to a Soviet consulate general in the city.

High St. House Damaged By Fire

A house at 121 E. High St. suffered several thousand dollars damage by fire early this morning.

Circleville firemen responded to the call at 12:05 a.m. today at the residence of Larry Magana on High St. Their investigation revealed that the residents had disconnected the gas range without shutting off the gas. The escaping vapors were ignited by the hot water heater.

Loss was estimated at approximately \$2,000 to the building and \$1,000 to contents.

Sunday evening, the firemen were called to the home of Herman Jack Diltz, Second Street, at 9 p.m. Children playing with matches under a bed caused about \$10 loss to mattress supports.

6 Area Motorists Forfeit Bonds

Six area motorists forfeited bonds in Circleville Municipal Court Friday. They were: Mark R. Knece, 18, Stoutsville; Ronnie I. Snyder, 18, 31 Morris Court; Charles E. Hines, 43, Ashville, \$24 for exceeding the speed limit by 15 miles per hour; Danny R. Easter, 20, Williamsport, \$24 for passing without assured clear distance ahead; Harriet Griffith, 49, Route 4, \$24 for stop sign violation; Howard Nelson, 21, Laurelville, \$19 for speeding 70 miles per hour in a 60 mile zone.

Robert E. Nesser, 24, Laurelville, was fined \$15 and costs for operating an unsafe motor vehicle.

Stock List Rebounds

NEW YORK (AP) — Stock prices were sharply higher today as the market responded to developments on foreign currency markets. Trading was moderate.

The noon Dow Jones average of 30 industrials was up 9.42 points at 890.33. Advances led declines on the New York Stock Exchange by more than 2 to 1.

Some analysts attributed the market's upbeat performance to news that the dollar drifted downward on foreign currency markets which resumed trading today after a week. In his economic address last week President Nixon had called for a floating of the dollar relative to foreign currencies in order to make U.S. exports cheaper abroad.

Money Transfer Set
COLUMBUS, Ohio (AP) — The State Controlling Board today will be asked to transfer nearly \$1.4 million from the state's general fund to retire part of a \$250 million improvements bond issue approved by voters Nov. 5, 1963.

The administration of former Gov. James A. Rhodes floated notes for the \$250 million in bonds, hoping to get a lower interest rate but the market kept rising. The entire issue was sold in notes but last year and early this year the state finished the conversion into bonds.

Draft . . .

(Continued from Page 1)
year, the Army asked for 88,000 and draft boards provided 83,000 with the difference remaining when the draft law expired June 30.

Men who lost deferments could be called up now, Tarr has said, but both he and Secretary of Defense Melvin Laird are reluctant to use this except as an emergency resort if Congress remains stymied.

The low-number men in Aug. 5 lottery won't be the first called in 1972. At the head of the line will be those whose numbers were called this year while they had deferments but who gave them up too late in 1971 to be drafted before Jan. 1.

Tarr said he will select a number in December as the callup ceiling for those who were assigned draft numbers this month.

The biggest long-range impact is expected to come from elimination of undergraduate college deferments after last June 30. This means any men who obtained deferments this summer or were planning to get them this fall would be subject to induction.

But officials are telling men to go ahead and get them in case Congress changes the date.

Basically the June 30 date would affect only this year's crop of freshmen and future freshmen, since students in higher grades already have deferments and may keep them until they graduate or fail.

Officials are waiting to see what effect the wiping out of undergraduate deferments will have on ROTC enrollments. Being in ROTC does not provide an automatic deferment.

To get an ROTC deferment a student must agree to take the whole four-year course and to go on active duty after being commissioned upon graduation. However, a student may go in ROTC and wait until he knows his draft status before making up his mind whether to apply for four years.

Nixon Eyes Economy

SAN CLEMENTE, Calif. (AP) — Allies say President Nixon made important economic decisions during the weekend at the Western White House. But they aren't saying what the President decided.

Associates reported Sunday that Nixon relayed a number of decisions by telephone Saturday to Secretary of the Treasury John B. Connally in Washington. The Treasury chief heads the new Cost of Living Council that is supervising the current 90-day wage-price-rent freeze.

There was no immediate word as to whether Nixon had been most involved in current controversies—such as anti-freeze opposition by AFL-CIO President George Meany and Democratic Gov. Preston Smith of Texas—or with the council's initial efforts to plan restraints extending beyond the scheduled Nov. 12 expiration of the freeze. Ziegler said only that Nixon is taking advantage of a two-week stay at his oceanside home here to "think alone" and do "massive reading" on economic matters, the federal budget and his journey to Peking sometime before next May.

He also faced the necessity of doing homework for his announced Sept. 26 meeting at Anchorage, Alaska, with Japan's Emperor Hirohito—the first meeting of a U.S. president and Japanese emperor and the monarch's first trip outside his homeland since becoming emperor.

Train Buff Finds Hobby Dangerous

WINTER HAVEN, Fla. (AP) — When Henry Ager went to see the "Spirit of 76" train Sunday he ended up with a lot closer look than he bargained for.

Ager, 27, was parked at a rail crossing waiting for the train when another car came up behind him, hit his vehicle and knocked it onto the tracks, police said.

Ager look up to see the bright red, white and blue engine of the Spirit bearing down on him a couple of hundred yards away.

He scrambled to safety a split second before the train turned his car to mangled scrap.

Auditions Held For Boys' Choir

Auditions for the Circleville Boys' Choir are being held this week for boys in grades four through seven.

Membership in the choir is gained only by this audition with only 35 boys accepted for membership this year.

The choir will begin rehearsals on Sept. 9 at which time all auditions will be concluded. To audition, interested boys should contact Paul Dunkle at 474-2459 this week.

The choir is a self-supporting organization which performs for local groups and churches and presents two yearly concerts for the public.

Founded in 1968 by the director, Paul Dunkle, this select group gives young boys an opportunity to sing in a group unlike any others available in Circleville.

Nix Caudill's Release Plea

Judge William Ammer filed an opinion in which he dismissed a plea by Rodney William Caudill for suspension of his penitentiary sentence.

Caudill entered guilty pleas May 29, 1971, to charges of assault with intent to kill and being a convicted felon in possession of a gun stemming from the shooting at Tootle's Pumpkin Inn, on E. Main St. He was sentenced to two consecutive prison terms of 1 to 15 and 1 to 5 years.

Ammer refused to suspend execution of sentence under legislation for "shock" probation allowing for its termination within 60 days since Caudill's application was received after the two-month period ended. The court ruled that it no longer had jurisdiction in this area.

TUESDAY'S HOROSCOPE

GENERAL TENDENCIES: Although there can be some confusion early in the morning for those who are not equipped with accurate facts and information, this is certainly a day and evening when many sudden opportunities will present themselves. You can forge ahead or get in some new line of activity, and you have the energy and strength to do so now. Expand, cooperate.

ARIES (Mar. 21 to Apr. 19) A good day to reach the right agreement with a partner that has been difficult before. Then off to celebrate together. You can settle disagreements with others easily now, too. Reason, do not argue.

TAURUS (Apr. 20 to May 20) Doing whatever establishes harmony between you and co-workers leads to excellent results. Get your health improved so you can accomplish a good deal. Avoid one who likes to make trouble in p.m.

GEMINI (May 21 to June 21) You have failed to get into interesting amusements that are available to you now. Put those creative ideas to work successfully. Mate can be of great help to you with these, so take into your confidence.

MOON CHILDREN (June 22 to July 21) Gain the goodwill of family ties so they back you willingly with certain projects you have in mind. Buy those mechanisms that make your home run more efficiently. Invest money wisely.

LEO (July 22 to Aug. 21) You have made promises that need to be put in operation quickly so they are kept to the letter and you please instead of vex others. Contact those who can help you widen your vision. Speak correctly.

VIRGO (Aug. 22 to Sept. 22) You have some good ideas of both a down-to-earth and a visionary kind which need the advice of experts to make workable, profitable. Look to that businessman of note for assistance if you want to advance. Listen carefully to suggestions given.

LIBRA (Sept. 23 to Oct. 22) There can be some dramatic happening today that will do much to add to present prestige and popularity, so be on the alert for it. Plan some time for improving your appearance. Avoid crowds in p.m.

SCORPIO (Oct. 23 to Nov. 21) What may seem like an annoying situation could lead to some fine profit for you, so consider it as such. If you do not confide in others, you gain some favor from one you like. Do routine work well.

SAGITTARIUS (Nov. 22 to Dec. 21) You are interested in the welfare of good friends today, so follow through and see what you can do to aid them early. Get out to group affairs that can be most delightful, informative. Take a good part in the activity.

CAPRICORN (Dec. 22 to Jan. 20) Situations arise that can help you advance quickly, so make the most of them. Out to where you can show off your finest talents and meet right people. Show that you are adroit and come right to the point in a pleasant way.

AQUARIUS (Jan. 21 to Feb. 19) A good day to go on a little trip, or to take those steps that bring advancement, or both. Corresponding with advisors you have neglected lately is fine. Benefit therefrom.

PISCES (Feb. 20 to Mar. 20) You have accurate hunches now, so follow them to your benefit — but you have to be still for awhile for the hunches to come to you. Mate is in an affable mood and will follow through with your ideas. Much new tricks.

good can come of this. IF YOUR CHILD IS BORN TODAY... he or she will be one of those delightful young rascals that everyone will want to spoil early in life, so be sure to teach while young that one really enjoys best only those things that are earned through work and one's ability, and that by expecting too much of others many disappointments will be met with. Much capability at whatever is of an artistic, beauty, or cooperative nature. Give as fine an education as you can afford or your child desires.

GOOD OLD KEEPSAKES

THE original era of cycling popularity in the United States, back in the Eighties, had by-products such as songs and handkerchiefs. This [1] one evoked sights

in earlier decades when the vehicle had one tall wheel with pedals on it, and a small wheel joined to the chassis by a curved "backbone." Riding was dangerous even on a level surface, for if the rider shifted his weight too far forward, he was apt to take a "header" hard.

Thus cycling was confined almost exclusively to men until "safety bicycles," with wheels the same size, were introduced and made relatively inexpensive. Then ladies joined in cycling en masse, and kerchiefs were in fashion for securing long locks against the wind.

Such mementoes of first bicycle trips alongside a dashing admirer or two are often found in possessions put away by great-grandmothers. (Dist. by King Features Syndicate)

She Wants Magazines With Nude Men

DEAR ABBY: I would like to say, "right on" to Peg who resented the fact there were plenty of nude girlie shows for men to enjoy, but no beautiful, nude men for women to look at.

I think it's time we women got a peek.

ANOTHER PEG
DEAR PEG: Down, girl. As Spiro Agnew said, "When you've seen one, you've seen 'em all."

DEAR ABBY: A 21-gun salute to the secretary who has been on the job for 20 years with no trouble. I wish there were more like her.

As a boss of an insurance company office I would like to

say a few things to all secretaries who pull a sour face when the boss gets a phone call from his wife:

"I am a firm believer in 'what's mine is hers, and what is hers is mine,' so remember, it is also my wife's money paying you."

If my wife calls and asks me what I want for dinner or asks my advice concerning a problem with the children, I am not annoyed. She is trying to do her job, the same as you are trying to do yours.

If my wife calls just to say she is thinking of me, that's all right, too. Her phone call is just as refreshing to me as your coffee break is to you.

And finally, please get over the idea all bosses have wives who don't understand them. My wife understands me perfectly. I love her and our children, and there are millions of other bosses just like me.

THE BOSS

DEAR BOSS: All right, but don't holler. You sound burned up. Are you?

DEAR ABBY: Our mother is engaged to a wonderful man who tells her he is deeply in love with her.

This man's wife died a few months ago under tragic circumstances and evidently it has left quite a wound because all he can talk about is his dead wife. Two minutes after our mother introduces him to people, he tells them about his dead wife and shows them her picture.

This hurts mother because she feels if he really loved her he wouldn't be constantly talking about his dead wife. Once when mother was in his car, he drove to the cemetery to visit his wife's grave. My mother had no idea where they were going until they got there.

Do you think this man really loves our mother? Or could he just be very lonely?

WE CARE

DEAR WE: I suspect the man hasn't yet recovered from the shock of his wife's death. It's difficult to believe he could be "deeply in love" with your mother, and talk constantly about his dead wife. If I were your mother, I wouldn't rush into anything.

Horoscope Forecast

By Carroll Righter

TUESDAY'S HOROSCOPE.
GENERAL TENDENCIES:
Although there can be some confusion early in the morning for those who are not equipped with accurate facts and information, this is certainly a day and evening when many sudden opportunities will present themselves. You can forge ahead or get in some new line of activity, and you have the energy and strength to do so now. Expand, cooperate.

ARIES (Mar. 21 to Apr. 19)
A good day to reach the right agreement with a partner that has been difficult before. Then off to celebrate together. You can settle disagreements with others easily now, too. Reason, do not argue.

TAURUS (Apr. 20 to May 20)
Doing whatever establishes harmony between you and co-workers leads to excellent results. Get your health improved so you can accomplish a good deal. Avoid one who likes to make trouble in p.m.

GEMINI (May 21 to June 21)
You have failed to get into interesting amusements that are available to you now. Put those creative ideas to work successfully. Mate can be of great help to you with these, so take into your confidence.

MOON CHILDREN (June 22 to July 21)
Gain the goodwill of family ties so they back you willingly with certain projects you have in mind. Buy those mechanisms that make your home run more efficiently. Invest money wisely.

LEO (July 22 to Aug. 21)
You have made promises that need to be put in operation quickly so they are kept to the letter and you please instead of vex others. Contact those who can help you widen your vision. Speak correctly.

VIRGO (Aug. 22 to Sept. 22)
You have some good ideas of both a down-to-earth and a visionary kind which need the advice of experts to make workable, profitable. Look to that businessman of note for assistance if you want to advance. Listen carefully to suggestions given.

LIBRA (Sept. 23 to Oct. 22)
There can be some dramatic happening today that will do much to add to present prestige and popularity, so be on the alert for it. Plan some time for improving your appearance. Avoid crowds in p.m.

SCORPIO (Oct. 23 to Nov. 21)
What may seem like an annoying situation could lead to some fine profit for you, so consider it as such. If you do not confide in others, you gain some favor from one you like. Do routine work well.

SAGITTARIUS (Nov. 22 to Dec. 21)
You are interested in the welfare of good friends today, so follow through and see what you can do to aid them early. Get out to group affairs that can be most delightful, informative. Take a good part in the activity.

CAPRICORN (Dec. 22 to Jan. 20)
Situations arise that can help you advance quickly, so make the most of them. Out to where you can show off your finest talents and meet right people. Show that you are adroit and come right to the point in a pleasant way.

AQUARIUS (Jan. 21 to Feb. 19)
A good day to go on a little trip, or to take those steps that bring advancement, or both. Corresponding with advisors you have neglected lately is fine. Benefit therefrom.

PISCES (Feb. 20 to Mar. 20)
You have accurate hunches now, so follow them to your benefit — but you have to be still for awhile for the hunches to come to you. Mate is in an affable mood and will follow through with your ideas. Much good can come of this.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those delightful young rascals that everyone will want to spoil early in life, so be sure to teach while young that one really enjoys best only those things that are earned through work and one's ability, and that by expecting too much of others many disappointments will be met with. Much capability at whatever is of an artistic, beauty, or cooperative nature. Give as fine an education as you can afford or your child desires.

GOOD OLD KEEPSAKES

THE original era of cycling popularity in the United States, back in the Eighties, had by-products such as songs and handkerchiefs.

This [] one evoked sights

In earlier decades when the vehicle had one tall wheel with pedals on it, and a small wheel joined to the chassis by a curved "backbone." Riding was dangerous even on a level surface, for if the rider shifted his weight too far forward, he was apt to take a "header" hard.

Thus cycling was confined almost exclusively to men until "safety bicycles" with wheels the same size, were introduced and made relatively inexpensive. Then ladies joined in cycling en masse, and kerchiefs were in fashion for securing long locks against the wind.

Such mementoes of first bicycle trips alongside a dashing admirer or two are often found in possessions put away by great-grandmothers.

DEAR ABBY: A 21-gun salute to the secretary who has been on the job for 20 years with no trouble. I wish there were more like her.

As a boss of an insurance company office I would like to

say a few things to all secretaries who pull a sour face when the boss gets a phone call from his wife:

I am a firm believer in "what's mine is hers, and what is hers is mine," so remember, it is also my wife's money paying you.

If my wife calls and asks me what I want for dinner or asks my advice concerning a problem with the children, I am not annoyed. She is trying to do her job, the same as you are trying to do yours.

If my wife calls just to say she is thinking of me, that's all right, too. Her phone call is just as refreshing to me as your coffee break is to you.

And finally, please get over the idea all bosses have wives who don't understand them. My wife understands me perfectly; I love her and our children, and there are millions of other bosses just like me.

Defense Contracting

A new procedure for government contracting in the defense industry is due. One which would remove the possibility of excessive profits under the cost-plus system and prevent the potential for financial disaster to the contractor under the fixed price contract.

What that middle ground is, will not be easy to find. Possibly it will have to include some of the features of both the present methods. But somewhere there must be a better method of procuring the needed military hardware.

The cost-plus system worked wonders in providing essential armaments on

a crash basis during World War II, but it is a hang-the-cost approach which ought to be reserved for emergency conditions. The results of mammoth fixed price contracts have been dramatized by the Lockheed disaster.

Defense contracting, particularly on sophisticated systems, is a precarious business at best. Cost estimates of new system seldom turn out to be accurate, and even if they are, inflation throughout each level soon renders them obsolete.

That is the history of the present. What avenues of improvement are there for the future?

Making Dirt

Chemists working in a Ford Motor Co. plant have learned how to make dirt. They are proud of the achievement, because what they started with was sludge. That is an industrial waste which is toxic, worthless and costly to dispose of.

But by turning the watery sludge into solid dirt, the chemists have created a useful material. It is non-toxic and chemically stable. The converted material could be used as highway road bedding or in building public parks. It could also be used in landfill

operations where clean fill is required.

Even if it is simply dumped, the new material has changed an environmental polluter into an asset. The significance goes far beyond one plant or even the entire auto industry. Many industries produce sludge of varying toxicities which have no useful purpose but contribute heavily to disposal problems.

Finding out how to convert dangerous wastes into useful by-products is one thing. Doing it economically enough to produce a demand for the converted material is something else. That is the next problem.

Double Reverse

High school students who shun the difficult and elect the easy course, in the hope of improving their records and impressing the colleges of their choice are fooling only themselves. This statement by the admissions director of an eastern college should reassure those who may have feared that colleges regard grades as the sole gauge of an applicant's ability. But it also

raises some disturbing questions.

The official charges that some schools allow students to pad their college preparatory programs with soft electives. The result is a double reverse wherein the student falls short of his potential and at the same time, because the admissions committee considers the caliber of his courses as well as the grade he made, fails in his original objective which was to get into college.

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you have to make a public speech, keep it under 40 minutes. Experts say that's the limit even a good speaker can talk without starting to put his audience to sleep.

The reason ragweed is such a bane to hay fever victims is that a single plant can fill the air with five to eight billion grains of nose-itching pollen.

If you feel you must smoke,

getting more exercise may cut down on at least one of smoking's harmful effects. An Army study found that even three to four minutes of exercise by smokers helped reduce the amount of toxic carbon monoxide in their bloodstream.

Forgotten heroes: Remember Col. H. Nelson Jackson? He was the first person to drive across the United States by motor car. He made the journey from San Francisco to New York in 1903 in 63 days in a

two-cylinder Winton automobile. One of his more bitter experiences: being charged \$1.05 for a gallon of gasoline at one stop.

Quotable notables: "So far as is known, no widow ever eloped."—E. W. Howe, the Sage of Potato Hill.

Fearsome: The reason that a plague of locusts is so feared is that its teeming millions can cover an area of 400 or more square miles and eat 80,000 tons of food in a day.

Speaking of insects, some of their abilities make the feats of man look puny by comparison. For example, some can leap 50 or more times their own length, pull or push objects 50 times their own weight, and consume as much as 100 times their own weight in 24 hours.

Tip to litigious taxpayers: If you decide to fight a federal income tax claim against you, you'll probably do better if you can have it tried in a U.S. District Court than a tax court. A recent study showed that taxpayers won 45 per cent of cases in U.S. District Courts, only 20 per cent in tax courts.

It was Benjamin Disraeli who observed, "The great majority of men exist but do not live."

Try and Stop Me

SAN FRANCISCO'S Herb Caen has sent dedicated punsters into a frenzy of activity with a "Punny Form" game, which consists of inventing new nicknames for old animals.

Here are a few horrible examples to test the record straight: agnu called Watts; an otter called Hadn't; a hippo called Crit; a bug called Hum, and—oh, no!—an ostrich named In-time-saves-nine.

And if you think this sort of thing isn't a dork-vark, try doing it while humming a tune like "Piranha Old Gray Bonnet."

One secretary, obviously headed for bigger things, locked up her desk one morning, slithered into her boss' inner sanctum, and asked cooly, "How about a salary on next week's advance?"

Speaking Of Your Health

By Lester L. Coleman, M.D.

You recently wrote about the possibility that Vitamin A may soon be used for acne.

I am 16 years old, and plagued with acne. I would gladly be a subject for experiment.

Miss W.K., Penn. Dear Miss K.: I know how impatient you are about your acne — all youngsters are. We hope that soon this unpleasant condition may be prevented or cured.

A very specialized type of Vitamin A acid is being used. This is not to be confused with Vitamin A which is taken by mouth.

Vitamin A acid solution is applied directly to the skin, and has been most beneficial when used over a long period of time. It is not a cure for acne but rather a beneficial treatment. The acne tends to come back when treatments stop.

Dr. Albert Kilgman and his associates at the University of Pennsylvania School of Medicine in Philadelphia warn that the Vitamin A acid must be kept away from the eyes, eyelids and the corners of the mouth.

The solution should be used only under the direction of a doctor.

When its safety is completely established, it will be available everywhere.

How do doctors feel today about using hormones for change of life?

I am confused by the articles I read in magazines.

Mrs. H. U., Canada Dear Mrs. U.: Even though there is not universal agreement about the use of estrogen (female sex hormone) for pre-menopause and menopause, it is generally believed to be of advantage.

Many women who have taken estrogen believe they have been relieved of unpleasant symptoms of hot flashes, and seem less tense, anxious and fatigued.

A large group of physicians believe that the use of estrogen is of tremendous importance in preventing or delaying the absorption of calcium from the bones of women.

This condition, known as "osteoporosis," is associated with change of life.

It seems that there are great advantages for the use of estrogen but of course the final decision must be made by your own doctor under whose con-

Nixon Is No Herbert Hoover

By JOHN CHAMBERLAIN

In 1932 Herbert Hoover, with his talk about an economic upturn being just around the corner, gave a depression-stricken people the impression that he was a Do-Nothing President. It wasn't true, of course. The Reconstruction Finance Corporation, the Farm Board, and other agencies which we think of as New Deal-style responses to economic troubles were already active in 1932. Moreover, since the depression bottomed out in the summer of 1932, Hoover was correct in his feeling that a turn had been made for the better. But if Hoover understood economics, he manifestly did not understand politics. He lost the election to Franklin Roosevelt simply because he presented a standpat image to the voters.

Richard Nixon has read his political history books well. His "bold economic program," a melange of tax cuts, protectionist devices and "temporary" standstill agreements affecting wages, prices and rents, has all sorts of built-in dangers, but at least it advertises to the world that President Nixon does not intend to suffer the fate of Herbert Hoover.

Thurman Arnold, the old New Deal trustbuster, used to say that any action was better than no action. Speaking politically, Arnold was right. The measures that his admired leader, Franklin Roosevelt, invoked to produce the 1933 upturn were economically unsound. The NRA, with its Blue Eagle price and production controls, eventually had to be scrapped. The first AAA, designed to guarantee fair agricultural prices, was the forerunner of a policy that has driven the small farmer off the land. But Roosevelt, who likened himself to an improvising football quarterback, parlayed his "try anything" optimism into three full terms and the beginning of a fourth. With this example looming out of the past, Richard Nixon has a right to hope that an activist attitude will give him two terms in the White House, which is all that current law allows.

The irony is that if the Democrats lose in 1972, it will be because Nixon has stolen their policies. The price-and-wage freeze is taken from the book of John F. Kennedy's adviser, Professor John Kenneth Galbraith. (This column predicted several months ago that Galbraith would be the new Republican prophet.) The decision to restore the investment tax credit to business, hoping that it will create new jobs, should have been labeled "apologies to Senator Vance Hartke, D., Inc." for Hartke has been advocating tax credits and accelerated business depreciation almost from time out of mind. The 10 per cent import duty is an across-the-board response to the demands of Democrat George Meany, head of the AFL-CIO, for something to protect union jobs.

Senator Hartke himself has been introducing legislation ever since 1967 calling for the limitation of steel imports. As for the tax concessions to the automobile industry and to individuals, it was Democrat John F. Kennedy who last proved that prosperity — plus an augmented total volume of tax receipts — could be conjured out of letting people spend their own money. The irony of Richard Nixon's "bold" program is further enhanced by

the blessing it gets from Congressman Wilbur Mills of the House Ways and Means Committee, who gains practically everything he has been asking for including postponement of Federal revenue sharing.

H. L. Mencken, who saw everything political in terms of comedy, would have been delighted by Nixon's economic reversal. However, the times are too serious for comic reflection. Wage-and-price controls, if persisted in, will end in black markets. Even more ominous, the recourse to tariffs, if made permanent, will surely provoke reprisals, and the totality of world trades will shrink.

In 1933, Roosevelt killed a promising London Economic Conference in order to put his New Deal economy behind a protective wall. The result was an international down-spiral ending in World War II. Maybe it won't happen that way again, but conservatives, if there happen to be any of them left with a smattering of influence, had better keep Nixon alive to his own promise that price-and-wage freezes and protectionist tariffs are temporary palliatives. There is no permanent virtue in trying to stop people from buying and selling as they will.

PAT'S STAGE DEBUT—Mrs. Richard Nixon rides a stagecoach in Medford, Ore., where she turned over 426 acres of former military installations to local communities as part of the President's "Legacy of Parks" program.

That is the history of the present. What avenues of improvement are there for the future?

Making Dirt

Chemists working in a Ford Motor Co. plant have learned how to make dirt. They are proud of the achievement, because what they started with was sludge. That is an industrial waste which is toxic, worthless and costly to dispose of.

But by turning the watery sludge into solid dirt, the chemists have created a useful material. It is non-toxic and chemically stable. The converted material could be used as highway road bedding or in building public parks. It could also be used in landfill

operations where clean fill is required.

Even if it is simply dumped, the new material has changed an environmental pollutant into an asset. The significance goes far beyond one plant or even the entire auto industry. Many industries produce sludge of varying toxicities which have no useful purpose but contribute heavily to disposal problems.

Finding out how to convert dangerous wastes into useful by-products is one thing. Doing it economically enough to produce a demand for the converted material is something else. That is the next problem.

Double Reverse

High school students who shun the difficult and elect the easy course, in the hope of improving their records and impressing the colleges of their choice are fooling only themselves. This statement by the admissions director of an eastern college should reassure those who may have feared that colleges regard grades as the sole gauge of an applicant's ability. But it also

raises some disturbing questions.

The official charges that some schools allow students to pad their college preparatory programs with soft electives. The result is a double reverse wherein the student falls short of his potential and at the same time, because the admissions committee considers the caliber of his courses as well as the grade he made, fails in his original objective which was to get into college.

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

If you have to make a public speech, keep it under 40 minutes. Experts say that's the limit even a good speaker can talk without starting to put his audience to sleep.

The reason ragweed is such a bane to hay fever victims is that a single plant can fill the air with five to eight billion grains of nose-itching pollen.

If you feel you must smoke,

getting more exercise may cut down on at least one of smoking's harmful effects. An Army study found that even three to four minutes of exercise by smokers helped reduce the amount of toxic carbon monoxide in their bloodstream.

Forgotten heroes: Remember Col. H. Nelson Jackson? He was the first person to drive across the United States by motor car. He made the journey from San Francisco to New York in 1903 in 63 days in a

two-cylinder Winton automobile. One of his more bitter experiences: being charged \$1.05 for a gallon of gasoline at one stop.

Quotable notables: "So far as is known, no widow ever eloped."—E. W. Howe, the Sage of Potato Hill.

Fearsome: The reason that a plague of locusts is so feared is that its teeming millions can cover an area of 400 or more square miles and eat 80,000 tons of food in a day.

Speaking of insects, some of their abilities make the feats of man look puny by comparison. For example, some can leap 50 or more times their own length, pull or push objects 50 times their own weight, and consume as much as 100 times their own weight in 24 hours.

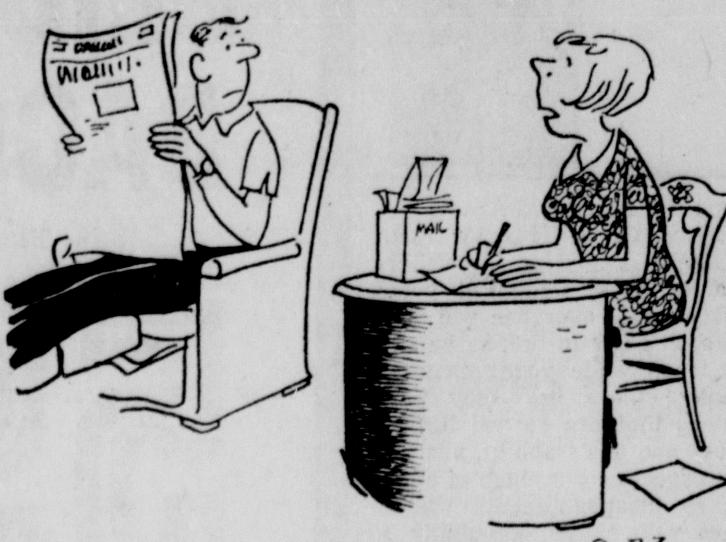

Tip to litigious taxpayers: If you decide to fight a federal income tax claim against you, you'll probably do better if you can have it tried in a U.S. District Court than a tax court. A recent study showed that taxpayers won 45 per cent of cases in U.S. District Courts, only 20 per cent in tax courts.

It was Benjamin Disraeli who observed, "The great majority of men exist but do not live."

Try and Stop Me

By BENNETT CERF

SAN FRANCISCO'S Herb Caen has sent dedicated punsters into a frenzy of activity with a "Punny Form" game, which consists of inventing new nicknames for old animals.

Here are a few horrible examples to test the record straight: a gnu called Watts; an otter called Hadn't; a hippo called Crit; a bug called Hum, and—oh, no!—an ostrich named In-time-saves-nine.

And if you think this sort of thing isn't aardvark, try doing it while humming a tune like "Piranha Old Gray Bonnet."

One secretary, obviously headed for bigger things, locked up her desk one morning, slithered into her boss' inner sanctum, and asked coily, "How about a salary on next week's advance?"

The subject for today is WOMEN: "A suburban mother's role is to deliver children: obstetrically once, and by car forever after."—Peter De Vries. "When she is past forty if you remember your wife's age, you are a cad."—Bill Feather. "Those people who have no trouble separating the men from the boys are called women."—Howard Tamplin. Speaking Of Your Health

By Lester L. Coleman, M.D.

You recently wrote about the possibility that Vitamin A may soon be used for acne.

I am 16 years old, and plagued with acne. I would gladly be a subject for experiment.

Miss W.K., Penn. Dear Miss K.: I know how impatient you are about your acne—all youngsters are. We hope that soon this unpleasant condition may be prevented or cured.

A very specialized type of Vitamin A acid is being used. This is not to be confused with Vitamin A which is taken by mouth.

Vitamin A acid solution is applied directly to the skin, and has been most beneficial when used over a long period of time. It is not a cure for acne but rather a beneficial treatment. The acne tends to come back when treatments stop.

Dr. Albert Kilgman and his associates at the University of Pennsylvania School of Medicine in Philadelphia warn that the Vitamin A acid must be kept away from the eyes, eyelids and the corners of the mouth.

The solution should be used only under the direction of a doctor.

When its safety is completely established, it will be available everywhere.

How do doctors feel today about using hormones for change of life?

I am confused by the articles I read in magazines.

Mrs. H. U., Canada Dear Mrs. U.: Even though there is not universal agreement about the use of estrogen (female sex hormone) for pre-menopause and menopause, it is generally believed to be of advantage.

Many women who have taken estrogen believe they have been relieved of unpleasant symptoms of hot flashes, and seem less tense, anxious and fatigued.

A large group of physicians believe that the use of estrogen is of tremendous importance in preventing or delaying the absorption of calcium from the bones of women.

This condition, known as "osteoporosis," is associated with change of life.

It seems that there are great advantages for the use of estrogen but of course the final decision must be made by your own doctor under whose control

Nixon Is No Herbert Hoover

By JOHN CHAMBERLAIN

In 1932 Herbert Hoover, with his talk about an economic upturn being just around the corner, gave a depression-stricken people the impression that he was a Do-Nothing President. It wasn't true, of course. The Reconstruction Finance Corporation, the Farm Board, and other agencies which we think of as New Deal-style responses to economic troubles were already active in 1932. Moreover, since the depression bottomed out in the summer of 1932, Hoover was correct in his feeling that a turn had been made for the better. But if Hoover understood economics, he manifestly did not understand politics. He lost the election to Franklin Roosevelt simply because he presented a standpat image to the voters.

Richard Nixon has read his political history books well. His "bold economic program," a melange of tax cuts, protectionist devices and "temporary" standstill agreements affecting wages, prices and rents, has all sorts of built-in dangers, but at least it advertises to the world that President Nixon does not intend to suffer the fate of Herbert Hoover.

Thurman Arnold, the old New Deal trustbuster, used to say that any action was better than no action. Speaking politically, Arnold was right. The measures that his admired leader, Franklin Roosevelt, invoked to produce the 1933 upturn were economically unsound. The NRA, with its Blue Eagle price and production controls, eventually had to be scrapped. The first AAA, designed to guarantee fair agricultural prices, was the forerunner of a policy that has driven the small farmer off the land. But Roosevelt, who likened himself to an improvising football quarterback, parlayed his "try anything" optimism into three full terms and the beginning of a fourth. With this example looming out of the past, Richard Nixon has a right to hope that an activist attitude will give him two terms in the White House, which is all that current law allows.

The irony is that if the Democrats lose in 1972, it will be because Nixon has stolen their policies. The price-and-wage freeze is taken from the book of John F. Kennedy's adviser, Professor John Kenneth Galbraith. (This column predicted several months ago that Galbraith would be the new Republican prophet.) The decision to restore the investment tax credit to business, hoping that it will create new jobs, should have been labeled "apologies to Senator Vance Hartke, D., Inc." for Hartke has been advocating tax credits and accelerated business depreciation almost from time out of mind. The 10 per cent import duty is an across-the-board response to the demands of Democrat George Meany, head of the AFL-CIO, for something to protect union jobs.

Senator Hartke himself has been introducing legislation ever since 1967 calling for the limitation of steel imports. As for the tax concessions to the automobile industry and to individuals, it was Democrat John F. Kennedy who last proved that prosperity—plus an augmented total volume of tax receipts—could be conjured out of letting people spend their own money. The irony of Richard Nixon's "bold" program is further enhanced by

the blessing it gets from Congressman Wilbur Mills of the House Ways and Means Committee, who gains practically everything he has been asking for including postponement of Federal revenue sharing.

H. L. Mencken, who saw everything political in terms of comedy, would have been delighted by Nixon's economic reversal. However, the times are too serious for comic reflection. Wage-and-price controls, if persisted in, will end in black markets. Even more ominous, the recourse to tariffs, if made permanent, will surely provoke reprisals, and the totality of world trades will shrink.

In 1933, Roosevelt killed a promising London Economic Conference in order to put his New Deal economy behind a protective wall. The result was an international down-spiral ending in World War II. Maybe it won't happen that way again, but conservatives, if there happen to be any of them left with a smattering of influence, had better keep Nixon alive to his own promise that price-and-wage freezes and protectionist tariffs are temporary palliatives. There is no permanent virtue in trying to stop people from buying and selling as they will.

PAT'S STAGE DEBUT—Mrs. Richard Nixon rides a stagecoach in Medford, Ore., where she turned over 426 acres of former military installations to local communities as part of the President's "Legacy of Parks" program.

TODAY In History

He was a 1967 graduate of Logan Elm High School.

Miss Ruth E. Montelius, Route 1, is a member of the 45th annual commencement class of Miami University Aug. 28. Miss Montelius will receive her master degree in education.

Loitering Law Eyed By Cincy

CINCINNATI (AP) — The city solicitor's office is eyeing a Dallas, Tex., law to replace Cincinnati's loitering ordinance, which was struck down by the U.S. Supreme Court.

"It's a very comprehensive ordinance, and we're studying a form of it," said City Solicitor William McClain. "We're trying to clear it up a bit as far as Cincinnati is concerned."

In a 5-3 decision on June 1, the Supreme Court ruled Cincinnati's 115-year-old loitering ordinance was unconstitutional because it was not specific enough.

Justice Potter Stewart said the law was vague "in that no standard of conduct" was specified. He also said it violated the constitutional right of free assembly and association.

McClain said that the Dallas law has more specific language than the former Queen City ordinance.

He said the constitutionality of the law has not been challenged, and it is a recent ordinance. The former Dallas law was declared unconstitutional by the Texas Supreme Court.

Man Is Freed; No Indictment

CINCINNATI (AP) — Larry James Dennis, a 25-year-old Cincinnati man who was charged with second degree murder last January, has been freed from the Hamilton County Jail because the Hamilton County jury never indicted him.

He was freed Friday on a habeas corpus petition filed by his attorney and granted by Common Pleas Court Judge Gilbert Bettman. Dennis was arrested for the Jan. 17 shotgun slaying of Milton James Riddle Jr., 38, of Cincinnati.

George Patterson, assistant county prosecutor, said the case had been presented to the grand jury several times but it had requested testimony from additional witnesses the police said they were unable to find.

Ohio Weekend Traffic Toll Reaches 10; Low Since June

By THE ASSOCIATED PRESS

Ten died on Ohio's highways over the weekend, the safest record in nine weeks.

The last time the state's weekend toll fell that low was June 18-20, when nine died. By comparison 16 persons died on state highways a week ago, and 30 persons died this weekend a year ago.

All but one of the persons killed this weekend were men or boys. The lone exception was an 89-year-old woman who died in a single-car accident in Bryan late Sunday.

Two pedestrians and one bicyclist were among the victims.

The dead:

FRIDAY NIGHT
ASHLAND — Paul J. Fischer, 30, of Mansfield, when his car crashed off I-71 about a mile north of Ohio 9 in Ashland County.

CLEVELAND — James Porter, 4, of Cleveland, when he was struck by an automobile near his home.

MIDDLETOWN — Troy Neace, 19, of Middletown, in a two-car collision at Ohio 4 and Thomas Road near Middletown. He was a passenger in one of the cars.

SATURDAY

RAVENNA — Joseph Harn, 49,

of Clarksville, Pa., when he was struck by a car on a Portage County road one mile north of Ravenna.

SANDUSKY — Perry A. Redmon, 31, of Bellevue, in a one-car accident on an Erie County road.

Cincy Teachers Don't Get Raise

CINCINNATI (AP) — Dr. Paul Miller, Superintendent of Cincinnati's public school, said Sunday all 6,000 Cincinnati public school employees will start the new school year Sept. 8 at the same salary they received when schools closed last spring.

He said incremental raises due about two-thirds of the employees will not be granted because of President Nixon's 90-day wage-price freeze. This would have amounted to an average increase of about five per cent for 4,000 employees, he added.

A new teacher salary schedule will not be negotiated until after the freeze is lifted, unless the freeze is ruled inapplicable to teachers, he said.

D. Michael Woodward, son of Mr. and Mrs. Donald E. Woodward, 552 Northridge Road, completed requirements for a bachelor of arts degree during the spring semester at the University of New Mexico. His major was anthropology.

Woodward was also listed on the spring semester dean's list for the college of arts and sciences at the University, achieving better than 3.0 for the semester.

Miss Cheri Peters, 705 E. Mound St., has completed the Young Peoples Art Course given by the Famous Artists School of Westport, Conn.

The special three-year course of study for talented youngsters between the ages of 13 and 19 is a relatively new offering of the long-established home study school.

Cheri is the daughter of Mr. and Mrs. J. E. Peters and is a 1971 graduate of Circleville High School.

The Ohio University College of Fine Arts has named Debbie Jo Young, daughter of Mr. and Mrs. Robert B. Young, Route 1, to the Dean's list for the spring quarter, 1971. Debbie received a grade of 3.58.

Debbie has also been honored at both the 1970 and 1971 spring Art Shows held at Bennett Hall at the OU - Chillicothe branch by having several of her art projects and paintings chosen for exhibit there.

Miss Young has attended the Chillicothe branch for two

years and is now enrolled in the summer sessions at Athens. She is a fine arts major and will study at Athens this fall as a member of the junior class.

Debbie is a graduate of Logan Elm High School, Class of 1969.

Cathy is the daughter of Robert L. Miller, Williamsport and Mrs. Vincent Tumeo, Columbus.

Miss Linda Kay Dillon, daughter of Mr. and Mrs. Paul L. Dillon, Route 1, Ashville, received a BA degree Saturday during summer commencement at David Lipscomb College, Nashville, Tenn.

Miss Dillon, a graduate of Teays Valley High School, majored in history studies at Lipscomb.

Gregory E. Fraunfelder, son of Mr. and Mrs. Francis Fraunfelder, Route 4, is a candidate for a bachelor degree Aug. 28 from Ohio University.

Fraunfelder majored in health, physical education and recreation at the college. He and his wife, the former Diana Seymour, will be residing in Wheelersburg, Ohio, where they both will teach in the Minford Local Schools.

He was a 1967 graduate of Logan Elm High School.

Miss Ruth E. Montelius, Route 1, is a member of the 45th annual commencement class of Miami University Aug. 28. Miss Montelius will receive her master degree in education.

Loitering Law Eyed By Cincy

CINCINNATI (AP) — The city solicitor's office is eyeing a Dallas, Tex., law to replace Cincinnati's loitering ordinance, which was struck down by the U.S. Supreme Court.

"It's a very comprehensive ordinance, and we're studying a form of it," said City Solicitor William McClain. "We're trying to clear it up a bit as far as Cincinnati is concerned."

In a 5-3 decision on June 1, the Supreme Court ruled Cincinnati's 115-year-old loitering ordinance was unconstitutional because it was not specific enough.

Justice Potter Stewart said the law was vague "in that no standard of conduct" was specified. He also said it violated the constitutional right of free assembly and association.

McClain said that the Dallas law has more specific language than the former Queen City ordinance.

He said the constitutionality of the law has not been challenged, and it is a recent ordinance. The former Dallas law was declared unconstitutional by the Texas Supreme Court.

Man Is Freed; No Indictment

CINCINNATI (AP) — Larry James Dennis, a 25-year-old Cincinnati man who was charged with second degree murder last January, has been freed from the Hamilton County Jail because the Hamilton County jury never indicted him.

He was freed Friday on a habeas corpus petition filed by his attorney and granted by Common Pleas Court Judge Gilbert Bettman. Dennis was arrested for the Jan. 17 shotgun slaying of Milton James Riddle Jr., 38, of Cincinnati.

George Patterson, assistant county prosecutor, said the case had been presented to the grand jury several times but it had requested testimony from additional witnesses the police said they were unable to find.

Ohio Weekend Traffic Toll Reaches 10; Low Since June

By THE ASSOCIATED PRESS

Ten died on Ohio's highways over the weekend, the safest record in nine weeks.

The last time the state's weekend toll fell that low was June 18-20, when nine died. By comparison 16 persons died on state highways a week ago, and 30 persons died this weekend a year ago.

All but one of the persons killed this weekend were men or boys. The lone exception was an 89-year-old woman who died in a single-car accident in Bryan late Sunday.

Two pedestrians and one bicyclist were among the victims.

The dead:

FRIDAY NIGHT
ASHLAND — Paul J. Fischer, 30, of Mansfield, when his car crashed off I-71 about a mile north of Ohio 9 in Ashland County.

CLEVELAND — James Porter, 4, of Cleveland, when he was struck by an automobile near his home.

MIDDLETOWN — Troy Neace, 19, of Middletown, in a two-car collision at Ohio 4 and Thomas Road near Middletown. He was a passenger in one of the cars.

SATURDAY

RAVENNA — Joseph Harn, 49,

of Clarksville, Pa., when he was struck by a car on a Portage County road one mile north of Ravenna.

SANDUSKY — Perry A. Redmon, 31, of Bellevue, in a one-car accident on an Erie County road.

Sidney — Robert C. Kimball, 19, of Urbana, when his car hit

Cincy Teachers Don't Get Raise

CINCINNATI (AP) — Dr. Paul Miller, Superintendent of Cincinnati's public school, said Sunday all 6,000 Cincinnati public school employees will start the new school year Sept. 8 at the same salary they received when schools closed last spring.

He said incremental raises due about two-thirds of the employees will not be granted because of President Nixon's 90-day wage-price freeze. This would have amounted to an average increase of about five per cent for 4,000 employees, he added.

A new teacher salary schedule will not be negotiated until after the freeze is lifted, unless the freeze is ruled inapplicable to teachers, he said.

3 Ohioans Among Tractor-Pull Elite

BOWLING GREEN, Ohio (AP) — Three Ohioans were among the winners in the fifth annual National Tractor-Pulling Championships at the Wood County Fairgrounds in Bowling Green Sunday.

Rex Crumlick of Jeromesville took first place in the 5,000-pound stock category. Paul Bosse of Ada won the 5,000-pound modified; and Kenny Smith of Marion was the winner in the 12,000-pound stock competition.

Brooklyn Polytech Has Rooftop Gym

NEW YORK (AP) — The city's only all-purpose rooftop gymnasium is an air bubble on the roof of Polytechnic Institute of Brooklyn.

It was made possible by a \$50,000 grant from the Charles Hayden Foundation and will be ready for the fall semester.

The gym will be used for physical education classes, basketball, fencing, wrestling, softball, golf, tennis, badminton and volleyball. The air-supported structure is 60 feet by 118 and rises 30 feet.

Did You Know That —

—health, like memory, is an inside job that is yours for the asking when you are in tune with its laws and keep nerve channels clear so the healing force within can be normally expressed?
—expectant mothers who suffer through daily bouts with morning sickness might well be overlooking a safe and effective way to overcome these miseries. Doctors of chiropractic report that the majority of morning sickness cases resulting from pregnancy can be corrected quickly and simply through chiropractic care.

Presented in the public interest for better health through chiropractic under the auspices of the Central Ohio Chiropractic Association.

Wedding Vows Exchanged In Candlelight Service

MRS. DAVID HATTEN

In a candlelight service at First United Methodist Church of Chillicothe, Miss Barbara Huber became the bride of Mr. David Hatten. The Rev. Raymond Welch performed the double ring ceremony 7:30 p.m. Saturday, Aug. 21st, for the daughter of Mr. and Mrs. Lewis E. Huber, Route 4 and the son of Mr. and Mrs. Bernard Hatten, Columbus.

The altar was decorated with two pedestal baskets of white gladiolus, orange and yellow poms, carnations and asters, palms and two seven branch candelabra.

The bride was given in marriage by her father. She was attired in a white silk organza floor length gown featuring a lace empire bodice with short sleeves. The full chapel length train was enhanced with appliques of matching lace. The bride's veil of silk illusion was caught to a cluster of lace petals and she carried a bouquet of white roses and poms centered with a white orchid.

Matron of honor was Mrs. James LeCrone, sister of the bridegroom. She was in a formal length gown of flowered

chiffon over pink taffeta with ruffles at the neck, cuffs of the long sleeves and a wide ruffle at the bottom of the skirt. Bridesmaid, Miss Deanna Hoffman was dressed as the matron of honor. The attendants carried bouquets of orange and yellow poms and asters.

Mr. James LeCrone, brother-in-law of the groom served as best man. Ushers were Mr. Lewis Huber, brother of the bride and Mr. Kevin Hatten, brother of the groom.

Mrs. Huber selected for her daughter's wedding a yellow crepe chiffon floor length gown. Her corsage was of white roses and yellow carnations. Mrs. Hatten wore a pink floor length gown and a corsage of white roses and pink carnations.

A reception in the social room of the church immediately followed the ceremony. The four tiered cake was surrounded with greenery and flanked by candelabra. Two baskets of orange and yellow poms and asters completed the decorations.

For her going-away costume the bride wore a blue flowered crepe gown and the orchid corsage from her bridal bouquet. The couple will reside at 1976 Guildhall Drive, Columbus.

The new Mrs. Hatten is a graduate of Logan Elm High School and Miami Valley Hospital School of Nursing. She is employed as a registered surgical nurse at Ohio State University Hospital.

Mr. Hatten graduated from Upper Arlington High School and Franklin University in Columbus. He is employed as an accountant by Motorist Mutual Insurance Company in Columbus.

A rehearsal dinner Friday evening was hosted by the groom's parents, Mr. and Mrs. Bernard Hatten at Holiday Inn, Chillicothe.

Poling-Frank Wedding Plans Are Completed

Plans for the wedding of Miss Lorna Wright Poling and Donald Graham Frank have been completed. The daughter of Mr. and Mrs. Sterling Poling, Edgewood Farm, Circleville and the son of Mr. and Mrs. Lloyd Frank of Columbus, will exchange vows at Community United Methodist Church on Saturday, Aug. 28th.

The couple requested their voice teacher at Ohio State University, Miss Irma Cooper and Karl Bachman, organist, also of Columbus, to present a half hour of nuptial music beginning at 2 p.m. The Rev. Paul I. Wachs will officiate at the open church service.

The bride-to-be has been the guest of honor at three parties given by Mrs. William Myers and daughters, Ann and Jo, by Mrs. George Hamrick and daughter, Betsy and by Mrs. Roger May and daughter, Nancy, in recent weeks.

Miss Frericks Will Graduate

KATHRYN A. FRERICKS

Miss Kathryn Ann Frericks, daughter of Mr. and Mrs. E. J. Frericks, 334 Meadow Lane, will graduate Aug. 29, from Good Samaritan School of Nursing in Dayton.

Baccalaureate will be held 9 a.m. at St. Joseph Church, 2nd St., Dayton followed by a dinner in honor of the graduates at the church's Parish Hall. Graduation will be conducted 3 p.m. in the Fairview High School Auditorium in Dayton.

Miss Frericks will be employed at Barney Children's Medical Center in Dayton.

Harper Bible Class Schedules Meeting

Harper Bible Class of Good Shepherd United Methodist Church plans to meet 7:30 p.m. Saturday in the Service Center. Hosts will be Mr. and Mrs. Alvin Perdon and the Rev. and Mrs. Eugene Flowers.

Devotions and the program will be directed by Mr. and Mrs. Kenneth Crabtree, Mrs. David Bond and Miss Gladys Noggle.

Guild 20 Slates Rummage Sale

A rummage sale will be held Friday from 8 a.m. until 8 p.m. in the basement of the FOE Lodge, 135 E. Main St., sponsored by Berger Hospital Guild 20.

Members will meet in the lodge room 7 p.m. Thursday to price items and arrange work committees.

Miss Brenda Payne Weds Mr. Randall Lynn Downs

Miss Brenda Roxanna Payne, daughter of Mr. and Mrs. James R. Payne, 405 N. Scioto St. and Mr. Randall Lynn Downs, son of Mr. and Mrs. Thomas W. Downs, Route 1, Stoutsville, were united in marriage 3:30 p.m. August 1. The Rev. Liston Halley performed the double ring ceremony in Pontius United Methodist Church before the altar adorned with vases of white carnations and gladiolus and seven branch candelabra.

Miss Louise Glitt, organist, presented a program of music preceding the ceremony. The bride was given in marriage by her father. She selected for her wedding a floor length gown of chantilly lace with an empire waist, wedding ring collar and short sleeves. Her elbow length veil of illusion was caught to a headpiece of lace and seed pearl petals. She carried a white Bible topped with an arrangement of white sweetheart rosebuds and white satin streamers.

Maid of honor, Miss Karen Gay Payne, sister of the bride, was in a dotted Swiss floor length gown of light pink. The empire waist designed gown featured a rounded neckline and puffed sleeves. She carried a bouquet of pink sweetheart rosebuds with pink satin streamers and her headpiece was of pink velvet matching her gown. Angela Payne, bridesmaid, sister of the bride, was dressed identically to the honor attendant and carried a matching bouquet.

Mr. Dale Parrish served as best man and Mr. Mark Knece

and Mr. Wirtie Teets seated the guests.

Mrs. Payne was attired in a beige dress with embroidered sequins, puffed sleeves and bone accessories. Mrs. Downs wore a tangerine A-line dress with white accessories. Corsages for both mothers were of white carnations.

A reception in the social rooms of the church immediately followed the ceremony. A three tiered wedding cake encircled with pink rosebuds centered the refreshment table.

Hostesses were Mrs. Eleanor Payne, Mrs. Patty Griffith, Mrs. Ester Lovett and Mrs. Juanita Lovett.

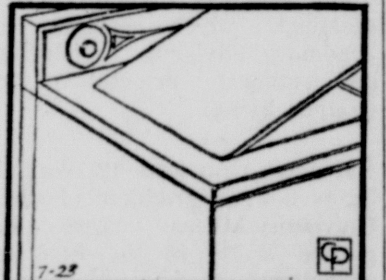

For her going-away costume the bride wore a navy and mint green dress with navy accessories. The couple now resides at 228 S. Pickaway St.

The new Mrs. Downs is a 1971 graduate of Circleville High School and is employed at the General Electric Lamp Plant. Mr. Downs is a 1971 graduate of Logan Elm High School and is employed at Lloyd Hill's service station.

Storms Hit Great Lakes, Ohio Valley

By THE ASSOCIATED PRESS
Cool air poured over the northeast quarter of the nation today in the wake of a line of severe thunderstorms that strafed the Great Lakes area and the Ohio Valley.

The storm was responsible for one death: a man killed when lightning struck a tree in Detroit Sunday night.

Winds accompanying the storm—measured at 50 miles an hour in Chicago and Cleveland—capsized boats on Lake Michigan and downed power lines in Michigan. Five persons were injured in eastern Michigan when winds ripped apart several trailer homes.

In Mississippi, three persons were killed when their small plane crashed into a heavily wooded area near Ashland during a thunderstorm Sunday.

Thunderstorms continued in the muggy south, over the Rockies and in Texas.

Most of the nation was partly sunny and warm today. Temperatures before dawn ranged from 87 at Phoenix, Ariz., and Needles, Calif., to 44 at Sault Ste. Marie, Mich.

How The Weather Looks

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Following is the Ohio weather summary from the National Weather Service:

Thundershowers crossed Ohio last night, becoming violent in northern counties. Tree limbs and power lines were felled in parts of northeastern Ohio, especially near Ashtabula.

The thundershowers moved rapidly south and southeast and by dawn had moved south of the state, leaving behind cooler, less humid air.

A cool, high pressure area will dominate Ohio weather the next few days, but warmer weather should return at midweek.

FORECASTS

OHIO — Partly cloudy and cooler tonight. Lows from the mid 50s to near 60s. Tuesday mostly sunny and little temperature change. Highs from the mid 70s to low 80s.

NORTHWEST INLAND, LAKE SHORE, NORTHEAST INLAND—Partial clearing and diminishing winds tonight. Lows

in the mid 50s. Partly cloudy and continued cool Tuesday. Highs in the mid 70s.

WEST CENTRAL, CENTRAL, EAST CENTRAL — Clearing and cool tonight. Lows 55 to 60. Mostly sunny and continued cool Tuesday. Highs in the upper 70s and low 80s.

SOUTHWEST, SOUTHEAST — Partly cloudy and cooler tonight and Tuesday. Lows tonight near 60. Highs Tuesday in the low 80s.

State Fair Starts Run On Thursday

COLUMBUS, Ohio (AP) — "Expo 71" begins a 12-day run Thursday with 63,000 exhibits, 100-plus grandstand attractions and 35 new events as drawing cards.

Gov. John Gilligan will officiate at traditional 6 a.m. ribbon-cutting ceremonies to formally open the 118th Ohio State Fair.

The opening day program will center on the Second Annual Marching Band Festival at the grandstand, in which 29 high school units will participate.

Among the new events this year is the Ohio Folk Festival, which will display the arts and crafts typical of Ohioans. It will feature highlights of the July 4 Washington, D.C. Smithsonian American Folk Life Festival, in which Ohio was the featured state.

A wine-making contest is planned this year, with 194 exhibitors in the initial program. Ten professional testers will be the judges.

The popular hot-air balloon race will return this year with a field of 10 scheduled to lift off at noon Sept. 3 in quest of prizes totaling 4,000.

The talent lineup at the free grandstand this year includes the Carpenters and Mac Davis, Aug. 26-27; Fifth Dimension, Aug. 30; Tom Jones, the Blossoms and comedian Pat Henry, Aug. 31-Sept. 1; Johnny Cash Show, Sept. 2-3; Cincinnati Symphony, Sept. 4; Master Festival of Music—Boots Randolph, Chet Atkins and Floyd Cramer, Sept. 5; Doc Severinsen Show, Sept. 4-6, and Bobby Sherman, Sept. 6.

Dave Merrifield will perform his helicopter act in front of the grandstand on all 12 days of the fair.

LEGAL NOTICE

"South Central Power Company has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D. C. 20250, or the Rural Electrification Administration, Washington, D. C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations." Aug. 23

Van Wert Death Brings Murder Charge

VAN WERT, Ohio (AP) — An Indiana man was to be arraigned in municipal court today on a second-degree murder charge in the beating death of Fred Moore, 39, of Van Wert.

Police said Moore died of a hemorrhage after getting into a fist fight Saturday night with Lee Kelly Kroh, 52, of Warren, Ind., at the Van Wert Veterans of Foreign Wars club.

HOLLYWOOD (AP) — Glen Campbell and Dionne Warwick sat in the dressing room rehearsing a song.

Nearby on a stage, the company went over a production number which, in the finished taped show, would bring on the Smothers Brothers. Campbell occasionally glanced at a television monitor which showed him the progress of the rehearsal.

Campbell, returning for his fourth season with CBS, seemed as casual and relaxed in his dressing room as he is on the stage. This year, in a new and very competitive time slot—opposite "Mod Squad" on one side and "Ironside" on the other—the going is bound to be difficult.

"We're not doing too much different," he said, "but we're breaking up the concert segments into shorter periods. And we're experimenting with me opening the show out with the studio audience. In the first show we taped this season, we also closed with me in the audience, but I didn't like that: I think you should say good night from the stage and get off."

As usual, the show's producers are interested in presenting young, popular singing groups with hit records. Campbell, who served a long apprenticeship in the music business before emerging as a television star, is concerned that so many talented young musicians get a hit record, move on to performing—and disappear.

"I think they arrive and depart because they didn't go to school," he said. "But school, I

mean that they charge out and give concerts without first learning how to perform and entertain. You have to have something more than just singing and playing."

CITY OF CIRCLEVILLE, OHIO OFFICE OF THE DIRECTOR OF PUBLIC SERVICE LEGAL NOTICE

Sealed proposals will be received by the Director of Public Service of the City of Circleville, Ohio, at his office, City Hall, 123 South Court Street, Ohio 43113, for the following until 12:00 o'clock noon, Eastern Daylight Savings Time, Friday, September 3, 1971, as authorized in Ordinance No. 29-71, for providing street name sign units to the City of Circleville.

Specifications and contract documents may be obtained at the office of the Director of Public Service, City Hall, Circleville, Ohio 43113. Each proposal shall be submitted on the forms provided and according to the instructions supplied. Each proposal shall be accompanied by a bid bond given in favor of the City of Circleville, in the amount of ten percent (10 per cent) of the bid. The bid bond shall be either a bond issued by a surety company authorized to do business in the State of Ohio or a certified check on any solvent bank made payable to the order of the Director of Public Service of the City of Circleville, Ohio. If the bidder fails or refuses to enter into a contract within ten (10) days after notice of acceptance of his proposal, the bidder shall forfeit to the City of Circleville his bond.

The bid bonds of unsuccessful bidders shall be canceled and returned. The bid bond of the successful bidder shall be retained pending the proper delivery of the completed contracts. The Director of Public Service reserves the right to reject any and all bids, waive any informalities in the same or to accept any bid or combination of bids based on lowest and best bid or bids.

World Money Markets Reopen Cautiously

LONDON (AP) — The U.S. dollar showed unexpected strength today as Europe's foreign exchanges opened after a week-long shutdown brought on by President Nixon's new monetary policies.

While the dollar eased in such European markets as London, Zurich and Brussels, the declines were relatively minor. Dealers were cautious and turnover was relatively light, as some of the experts had predicted. Uncertainty was the reason.

For the first time in 27 years, the exchanges were operating without an internationally agreed set of rules. This was because the dollar had been cut

Business Briefs

Winners have been announced in the Grand Opening drawing at Don Bowman's The Shoe Place, 404 N. Court St. They include:

William Pritchard, Ashville, Protective brand; Timothy Smith, Circleville, Buntree; Doug Hoover, Ashville, Blue Star; Chris Shefferton, Richmond, Va., P. F. Flyers for children.

For teens, Janis Jordan, New Holland, Hug-Tite; David Faulkner, Circleville, Brooks; Jeff Milen, Sunbury, record album; Mary Beth Rhodes, Circleville, John Stevens, Circleville, Lori Hastings, Williamsport; Brent Ebert, Laurelville and Janet Jacobs, Laurelville, records.

Betty Salyers, Circleville, won the Ladies Town and Country shoes; Melvin Fetherolf, Circleville, won a pair of Weyenberg shoes and Clendell Reid, Tarleton, won a pair of shoes made by Shaw. The winning ticket for the polish kit was held by Mike Poling, Circleville.

The Board of Directors of BancOhio Corporation, Columbus, of which the Circleville Second National Bank is an affiliate, has declared a quarterly cash dividend of 25 cents per common share payable Sept. 15 to shareholders of record Sept. 1.

The corporations report of June 30 showed total assets of \$1,864,325,545, deposits of \$1,566,772,148, loans of \$871,119,104, and total capital and surplus of \$147,422,219.

The Board of Directors of The Central National Bank at Cambridge has accepted the proposal to affiliate with BancOhio Corporation, according to a joint announcement made today by G. D. Agnew, chairman of the board, Willard Patton, president, and Philip F. Searle, president of BancOhio.

According to the proposal, the exchange provides for shares of BancOhio common stock for each share of the bank. Mr. Agnew explained that the Board of Governors of the Federal Reserve System must approve the proposed affiliation which usually takes four to five months and BancOhio's offer could not be made before that time.

Guernsey County, in which Central National is located, supports a diversified industrial community as well as a newly developed state park and recreational area. Central National operates branch offices in Byesville, Cumberland and Seneca in addition to the Main Office and Southgate Auto-Bank in Cambridge.

This makes the third bank in the past two months which has announced a proposed affiliation with BancOhio, the other two banks being The Ohio Savings and Trust Company, New Philadelphia, and The Niles Bank Company, Niles. Currently pending is the application to form a new national bank in Loveland, Ohio, near Cincinnati. The Corporation reported assets exceeding \$1.8 billion on June 30, 1971.

loose from gold, and the American currency had been the basis of the international agreement.

In London, the pound sterling brought between \$2.44 and \$2.46, a cut in the value of the American currency of about 3 per cent. The last quotation before President Nixon's action cutting the ties between the dollar and gold was \$2.4194 at the close of business Aug. 13.

Dealers said trading was quiet and hesitant. "No one is at all certain just where things will go," one dealer said.

Uncertainty about the European markets inhibited trading on the Tokyo exchange, where the market closed before the European markets opened because of the time difference. Trading was calm, and the Bank of Japan bought only about \$10 million, compared to hundreds of millions absorbed on most days after President Nixon's bombshell announcement. The dollar sold at 357.50 yen, down only slightly from the official rate of 360.

Japanese government spokesmen continued to maintain that the yen would not be revalued, but uncertainty pushed prices on the Tokyo stock exchange down again. The exchange index closed at 169.55, down 4.19 per cent, but trading was only moderate.

In Frankfurt, which has had a free market since the monetary crisis last May, the dollar fell back to about the level it held on Aug. 13—3.4250 marks compared with 3.4225. This indicated a sharp strengthening

of the dollar in West Germany compared to the rate of 3.3875 marks that banks and travel agencies were giving tourists at the close of business on Friday. Frankfurt dealers said trading was very slow.

Some countries decided to postpone dealings until trends became clearer in the major monetary centers.

The government bank in South Africa ordered its foreign exchange to remain closed for the time being.

Banks in Italy refused to handle commercial exchange transactions until an official rate for the dollar was set later in the day. Italian banks were handling tourist transactions, though, at the rate of 600 lire, a dollar devaluation of 4 per cent.

France opened a split foreign exchange with two rates—one tightly controlled for government and commercial transactions and the other a free rate for tourists and speculators.

The free rate opened in the range of 5.40-5.44 francs to the dollar, a devaluation of the U.S. currency of about 2.13 per cent compared to the previous official parity of 5.55419 francs. The official rate was set at 5.5125 francs.

Dealers said trading was practically at a standstill as operators studied market conditions.

Belgium and the Netherlands announced last week they would maintain tight links between their own currencies but

allow them to float freely in relation to other money. At the opening the dollar was stronger in Amsterdam but weakened in Brussels. The Dutch guilder was quoted in the range of 3.49-3.4975 guilders for one dollar, while the Belgian franc was between 48.75 and 49. Friday's rates for tourists were 3.4775 guilders and 49.05 francs.

Outside Europe, Indonesia devalued the rupiah 10 per cent, setting the exchange rate at 415 to the dollar instead of the previous 378. Israel devalued its currency 20 per cent on Saturday night, changing the rate

State's Housing Needs Studied

COLUMBUS, Ohio (AP)—The commission appointed by Gov. John Gilligan to make recommendations on how to meet the state's housing needs has decided to tackle the problem from five perspectives.

Meeting in Columbus over the weekend, the Ohio Housing and Community Development Advisory Commission decided to focus on financial aids, land use planning, development, housing costs and the human components of housing.

Gilligan told commission members at their initial meeting Aug. 4 that he wanted them to come up with concrete legislative proposals to submit to the General Assembly by the first of next year.

James Huston, chairman of the panel, said the members will meet as five separate committees in the specified areas before another full commission session is called.

George Huskey World Money Markets Reopen Cautiously

Promoted In Du Pont Lab

GEORGE HUSKEY

C. George Huskey, 332 Meadow Lane, has recently been promoted research associate in the Circleville DuPont Research Laboratory. Huskey received his bachelor of science degree in Mechanical Engineering at the University of Florida.

He joined Du Pont in March, 1953, in Pensacola, Fla. Since that time has had various engineering assignments in the engineering department, Wilmington, Del., the film department's research and development laboratory at Florence, S. C.

In 1964 he was transferred to the international department and assigned to the Luxembourg Plant as development superintendent where he remained until February of 1968. At that time he returned to the Circleville Research and Development Laboratory as staff engineer.

Recently married to the former Eileen Foster, they are the parents of 10 children.

He is a member of Community Methodist Church, assistant scout master, Troop 52, merit badge counselor in water skiing, treasurer of Circleville Art League and a member of the YMCA.

Landmark Names Area Sales Chief

Joseph Carl Wollam, Wellston, has accepted the position of Area Feed Representative with Landmark, Inc., Columbus, according to Fred McLaughlin, Feed Division vice president.

Wollam will coordinate feed sales and promotions in southeastern Ohio for the regional cooperative. He will be working Pickaway, Ross, Pike, Scioto, Lawrence, Jackson, Vinton, Hocking, Fairfield, Perry, Athens, Meigs, Gallia, Washington and Morgan Counties. Roy McCall who served in this area has been appointed to the position of Poultry Management Specialist.

A native of East Liverpool, Ohio, Wollam was associated with the Ross County Landmark for almost seven years as a feed specialist before accepting his new position. A graduate of East Liverpool High School, Wollam also attended the College of Agriculture, The Ohio State University.

LONDON (AP) — The U.S. dollar showed unexpected strength today as Europe's foreign exchanges opened after a week-long shutdown brought on by President Nixon's new monetary policies.

While the dollar eased in such European markets as London, Zurich and Brussels, the declines were relatively minor. Dealers were cautious and turnover was relatively light, as some of the experts had predicted. Uncertainty was the reason.

For the first time in 27 years, the exchanges were operating without an internationally agreed set of rules. This was because the dollar had been cut

Business Briefs

Winners have been announced in the Grand Opening drawing at Don Bowman's The Shoe Place, 404 N. Court St. They include:

William Pritchard, Ashville, Protective brand; Timothy Smith, Circleville, Buntree; Doug Hoover, Ashville, Blue Star; Chris Shefferton, Richmond, Va., P. F. Flyers for children.

For teens, Janis Jordan, New Holland, Hug-Tite; David Faulkner, Circleville, Brooks; Jeff Milen, Sunbury, record album; Mary Beth Rhodes, Circleville, John Stevens, Circleville, Lori Hastings, Williamsport; Brent Ebert, Laurelvile and Janet Jacobs, Laurelvile, records.

Betty Salyers, Circleville, won the Ladies Town and Country shoes; Melvin Fetheroff, Circleville, won a pair of Weyenberg shoes and Clendell Reid, Tarleton, won a pair of shoes made by Shaw. The winning ticket for the polish kit was held by Mike Poling, Circleville.

The Board of Directors of BancOhio Corporation, Columbus, of which the Circleville Second National Bank is an affiliate, has declared a quarterly cash dividend of 25 cents per common share payable Sept. 15 to shareholders of record Sept. 1.

The corporations report of June 30 showed total assets of \$1,864,325,545, deposits of \$1,566,772,148, loans of \$871,119,104, and total capital and surplus of \$147,422,219.

The Board of Directors of The Central National Bank at Cambridge has accepted the proposal to affiliate with BancOhio Corporation, according to a joint announcement made today by G. D. Agnew, chairman of the board, Willard Patton, president, and Philip F. Searle, president of BancOhio.

According to the proposal, the exchange provides for shares of BancOhio common stock for each share of the bank. Mr. Agnew explained that the Board of Governors of the Federal Reserve System must approve the proposed affiliation which usually takes four to five months and BancOhio's offer could not be made before that time.

Guernsey County, in which Central National is located, supports a diversified industrial community as well as a newly developed state park and recreational area. Central National operates branch offices in Byesville, Cumberland and Seneca in addition to the Main Office and Southgate Auto-Bank in Cambridge.

This makes the third bank in the past two months which has announced a proposed affiliation with BancOhio, the other two banks being The Ohio Savings and Trust Company, New Philadelphia, and The Niles Bank Company, Niles. Currently pending is the application to form a new national bank in Loveland, Ohio, near Cincinnati. The Corporation reported assets exceeding \$1.8 billion on June 30, 1971.

loose from gold, and the American currency had been the basis of the international agreement.

In London, the pound sterling brought between \$2.44 and \$2.46, a cut in the value of the American currency of about 3 per cent. The last quotation before President Nixon's action cutting the ties between the dollar and gold was \$2.494 at the close of business Aug. 13.

Dealers said trading was quiet and hesitant. "No one is at all certain just where things will go," one dealer said.

Uncertainty about the European markets inhibited trading on the Tokyo exchange, where the market closed before the European markets opened because of the time difference. Trading was calm, and the Bank of Japan bought only about \$10 million, compared to hundreds of millions absorbed on most days after President Nixon's bombshell announcement. The dollar sold at 357.50 yen, down only slightly from the official rate of 360.

Japanese government spokesmen continued to maintain that the yen would not be revalued, but uncertainty pushed prices on the Tokyo stock exchange down again. The exchange index closed at 160.55, down 4.19 per cent, but trading was only moderate.

In Frankfurt, which has had a free market since the monetary crisis last May, the dollar fell back to about the level it held on Aug. 13—3.4250 marks compared with 3.4225. This indicated a sharp strengthening

of the dollar in West Germany compared to the rate of 3.3875 marks that banks and travel agencies were giving tourists at the close of business on Friday. Frankfurt dealers said trading was very slow.

Some countries decided to postpone dealings until trends became clearer in the major monetary centers.

The government bank in South Africa ordered its foreign exchange to remain closed for the time being.

Banks in Italy refused to handle commercial exchange transactions until an official rate for the dollar was set later in the day. Italian banks were handling tourist transactions, though, at the rate of 600 lire, a dollar devaluation of 4 per cent.

France opened a split foreign exchange with two rates—one tightly controlled for government and commercial transactions and the other a free rate for tourists and speculators.

The free rate opened in the range of 5.40-5.44 francs to the dollar, a devaluation of the U.S. currency of about 2.13 per cent compared to the previous official parity of 5.5519 francs. The official rate was set at 5.5125 francs.

Dealers said trading was practically at a standstill as operators studied market conditions.

Belgium and the Netherlands announced last week they would maintain tight links between their own currencies but

allow them to float freely in relation to other money. At the opening the dollar was stronger in Amsterdam but weakened in Brussels. The Dutch guilder was quoted in the range of 3.49-3.4975 guilders for one dollar, while the Belgian franc was between 48.75 and 49. Friday's rates for tourists were 3.4775 guilders and 49.05 francs.

Outside Europe, Indonesia devalued the rupiah 10 per cent, setting the exchange rate at 415 to the dollar instead of the previous 378. Israel devalued its currency 20 per cent on Saturday night, changing the rate

Circleville Bible College Receives \$2,727 From GE

Circleville Bible College received \$2,727.78 in 1970 through the General Electric Foundation's Corporate Alumnus Program, according to a Foundation announcement.

The school was among 802 colleges and institutions of higher learning benefiting last year from the Corporate Alumnus Program, through which 7,359 General Electric employees contributed \$672,461 to colleges and universities.

The Foundation matched \$518,015 of that amount, bringing total Corporate Alumnus Program support for schools in 1970 to \$1,190,477.

The program permits individual GE employees to contribute up to \$2000 per year to colleges and universities, with contributions matched by the Foundation on a dollar-for-dollar basis. The total eligible for matching to any one institution is limited to \$25,000 per year.

Any employee who has been with the Company at least a

year may contribute to any two- or four-year institution, public or private, including graduate and professional schools, and need not have attended the school to which the gift is made.

Since 1955, when General Electric pioneered the gift-matching program, schools have received \$13,848,321 through Corporate Alumnus Program contributions and matching grants. During that same period, more than 450 other companies and foundations have established similar gift-matching programs to aid educational institutions, and, according to Dr. Donald J. Watson, Secretary of the General Electric Foundation, "It is now estimated that upwards of \$80,000,000 has been contributed to colleges and universities through these programs."

"Most colleges have praised gift-matching as an incentive to more and greater alumni support," Dr. Watson said, "as well as a source of unrestricted funds."

Tom Weiskopf Wins Tough Philly Classic

PHILADELPHIA (AP) — Tom Weiskopf said the toughest guy he had to beat in the \$150,000 Philadelphia Golf Classic was Tom Weiskopf.

Weiskopf shot rounds of 67-71-66-70—274; Hill 68-68-71-68—275, and Nicklaus 66-73-70-67—276.

"I won on sheer determination and desire and it was the most rewarding tournament I've ever won except maybe for my first," said the 28-year-old Ohioan after shooting a 14 under par 274 to win the \$30,000 first prize by one stroke over Dave Hill and two better than Jack Nicklaus.

"I proved something to myself," said Weiskopf, who after taking a double bogey and a triple bogey on the last two holes at Sutton, Mass., a week ago, almost decided to forget tournament golf.

He recalls having second thoughts that quitting the tour would be the easy way out and not the right thing to do. So, he packed his clubs and came to Whitemarsh Valley Country Club for the Philadelphia tournament.

The crucial hole for Weiskopf was the 485 yard par five 17th. Hill hit that green in two and rolled in a threefoot putt for an eagle to tie Weiskopf at 13 under par. Hill went on to par the 18th and finish at 13 under par 275. Weiskopf, however, matched the eagle with a 10 foot putt to take a two-stroke lead.

Lansdowne Club Holds Member Championship

Greg Peck fired 302 to win the Upper Lansdowne member championship flight with Dick Wellington shooting 315 for second place.

Nelson Huff has a 78 for first spot in "A" flight with Jim Spellacy grabbing runner-up laurels.

Walt Halstenberg's 89 took top honors in "B" flight with Owen Fullen and Bill Brooks tying for second with 90. Fullen defeated Brooks on the first hole of a sudden death playoff.

Betty Neff shot 80 to capture the title in the Ladies championship flight with Ruth Fitzgerald taking second with an 86.

PAT Wolfe won the "A" flight. Bonnie Russell was runner-up. "B" flight went to Caroline Peters with Jere Cochran gaining second place. "C" flight in the men's division has not been completed.

Brewers Turn Back Detroit, 2-1

By HAL BOCK Associated Press Sports Writer The Milwaukee Brewers had Dick McAuliffe coming and going and Freddie Patek kept Washington on the run.

The Brewers who had lost 11 consecutive games to the Tigers in Detroit, ended that dry day, scoring the winning run on a little hesitation step against McAuliffe.

Kansas City dumped Washington 4-1 with Patek stealing two more bases and increasing his major league leading total in that department.

Elsewhere in the American League Sunday, Chicago tripped Cleveland 5-3, California blanked New York 3-0, Oakland swept a doubleheader with Boston, winning the opener 9-3 and taking the second game 2-1, and Baltimore beat Minnesota 6-3.

Reds Stop Pirates; Win 6-3

By HERSCHEL NISSENSON Associated Press Sports Writer The Pittsburgh Pirates and San Francisco Giants can't win for losing ... or can they?

The National League's divisional leaders—the Pirates have been on top since June 11, the Giants since April 12—took it on the chin again Sunday by identical 6-3 counts from Cincinnati and Montreal, respectively.

But again they didn't lose any ground when the runners-up also lost—the East Division Chicago Cubs bowing to Houston 4-3 and the West's Los Angeles Dodgers falling to Philadelphia 3-2.

Although the Pirates have dropped three in a row and 20 of their last 29 starts, they still lead the Cubs by 4 1/2 games. The Giants also have lost three

straight and 11 of 18 but are 6 1/2 games in front of the Dodgers. Elsewhere in the NL, St. Louis crushed Atlanta 13-4 and

the New York Mets downed San Diego 4-2. The Pirates jumped to a quick 2-0 lead over Cincinnati

Gridder Reverses Canada Flow

By BERT ROSENTHAL Associated Press Sports Writer

A recent trend has seen many Americans decide against a chance of playing in the National Football League and opt for a football career in Canada. Vic Washington hopes to change the flow of traffic.

Washington, who played three years in the Canadian Football League after starting for two varsity seasons at the University of Wyoming, has come back over the border and is trying to make it with the San Francisco 49ers of the NFL.

The flash 5-11, 190-pounder from Plainfield, N.J., enhanced his chance for a spot on the

Hunting, Trapping Licenses On Sale

Ohio hunting and trapping licenses for 1971 have been mailed to license agents throughout the state and should be available from the agents now or within the next week. Ohio Department of Natural Resources Director, William B. Nye announced.

Most stores that handle sporting goods are agents, as are county clerks of courts.

The new licenses will be valid for a year beginning September 1, 1971.

Ohio hunters and trappers must have a license regardless of their age. In addition, hunters under 16 years of age must be accompanied by an adult.

The only hunters and trappers not required to have licenses are (1) members of the Armed Forces on leave or furlough, who must carry a card or other evidence of being on active military duty; (2) landowners and their children while hunting or trapping on their own land, and (3) tenants or managers of land, and their children, while hunting or trapping on the property where they reside.

Resident licenses, costing \$4 plus a 35-cent writing fee, are issued to United States citizens who have resided in Ohio for at least six months prior to applying for a license. Non-resident licenses are issued to people who do not qualify as residents. Their cost is \$20, plus a 35-cent writing fee.

A copy of the 1971 Ohio Hunting and Trapping Guide will be issued with each license. The guide provides a digest of current hunting and trapping laws, as well as detailed hunting and trapping information.

roster by scoring on runs of 13 and 10 yards Sunday as the 49ers beat the San Diego Chargers 28-17 in an exhibition game at San Francisco.

In other Sunday preseason contests, Detroit edged Baltimore 23-20; the New York Jets trimmed the New York Giants 27-14, and Buffalo whipped New England 28-14.

On Saturday, it was Kansas City 27 New Orleans 7; Atlanta 21 Denver 10; Green Bay 10 Miami 7; Minnesota 34 Chicago 14; Houston 21 Philadelphia 17, and Oakland 20 Los Angeles 7.

In Friday's only game, Dallas nipped Cleveland 16-15.

The exhibition weekend will be completed tonight with Pittsburgh at Cincinnati.

The versatile Washington, who also plays wide receiver, defensive back and runs back punts and kickoffs, called his performance against the Chargers "a very important day for me."

"A lot of people said I wouldn't make it as a running back in the NFL because I'm not big enough," he added. "But the only thing that matters is how big your heart is. After three years in Canada (two with Ottawa and one with Vancouver), I thought I'd have a problem in adjusting. But I'm not."

At Wyoming, Washington led the nation in punt returns as a sophomore and was second as a junior, while playing both offense and defense. He also was a triple jumper on the track team and holds the school indoor and outdoor records in that event.

However, after his junior year, he had academic problems and went to play in Canada. When his class graduated in 1970 the 49ers made him their fourth draft choice, but contractual matters kept him in Canada until this year.

Now, he's come back to the United States, going in the opposite directions of such 1970 All-Americans as Steve Worster of Texas, Joe Theisman of Ohio State and Rock Perdoni of Georgia Tech, all of whom elected to play in Canada this year.

Others who went North this year include Greg Barton of the Philadelphia Eagles of the NFL, Little All-American Jim Lindsey of Abilene Christian, junior Leon McQuay of Tampa, and quarterbacks Jim Chasey of Dartmouth and Don Moorhead of Michigan.

The elusive Washington scored after San Diego had taken a brief lead on Dennis Pardee's 29-yard field goal. His first touchdown came after defensive end Tommy Hart recovered a fumble on the Charger's 19-yard line, and the second after safety Roosevelt Taylor intercepted a pass and ran 16 yards to the San Diego 20.

Chillicothe Winner Of Teener Baseball

CHILLICOTHE, Ohio (AP)—In an 11-inning cliff-hanger, the Ohio V.F.W. Teener Baseball champions downed the New Jersey visitors 7-6 Sunday to take the national Eastern Region title.

The Buckeye champions, Chillicothe Post 108, defeated the Camden County nine from Gloucester, N.J., on home territory. It was the first national title for the Chillicothe team, which has won the state championship nine times in the last 11 years.

Ron Rutherford, coming into the final inning hitless in 11 times at bat, bounced a double over the fence to give Chillicothe the win.

Hurler Don Foster was credited with the win after Randy Hill was required by regulations to leave the mound at the end of the first nine innings.

The A's took the second game on Reggie Jackson's inside-the-park homer with two out in the ninth inning off Sonny Siebert. It was Jackson's 23rd homer. Bert Campaneris' leadoff homer in the first accounted for the A's other run.

Diego Segui pitched a three-hitter for Oakland, while Siebert permitted five hits.

The Orioles opened their East Division lead to a fat 11 games, using four home runs to beat Minnesota. Don Buford, Dave Johnson, Paul Blair and Andy Etchebarren all reached the seats for the Orioles.

Dave McNally earned the victory, his 15th, with late help from Eddie Watt. The Orioles four starters, McNally, Mike Cuellar, Pat Dobson and Jim Palmer, all have 15 or more victories.

when Bob Robertson smacked a bases-loaded single off Gary Nolan in the first inning. It didn't last long.

Tony Perez singled home a Cincinnati run in the last of the first and, after Pittsburgh made it 3-1 in the third, Hal McRae's double, Lee May's triple and an infield out knotted the score in the Reds' half.

Pete Rose snapped the deadlock in the fourth with a two-run homer, his 10th of the season and 100th of his career, as the surging Reds won for the 11th time in 4 meetings this month with the top four teams in the NL East.

The Big Red Machine, still hoping for a miracle finish after a horrible start, is only five games out of second place in

the NL West and 11 behind the Giants.

Rusty Staub drove in four runs with a double and three-run homer and rookie Ernie McAnally tossed a seven-hitter as the Expos turned back the Giants and ran their winning streak to seven games, a club record.

The Expos also took all six games from the Giants at Jarry Park—another first—and they did it before their second largest home crowd of the season, 28,102.

Staub's home run in the fifth wiped out a 3-2 Giant lead, which included a two-run homer by Alan Gallagher.

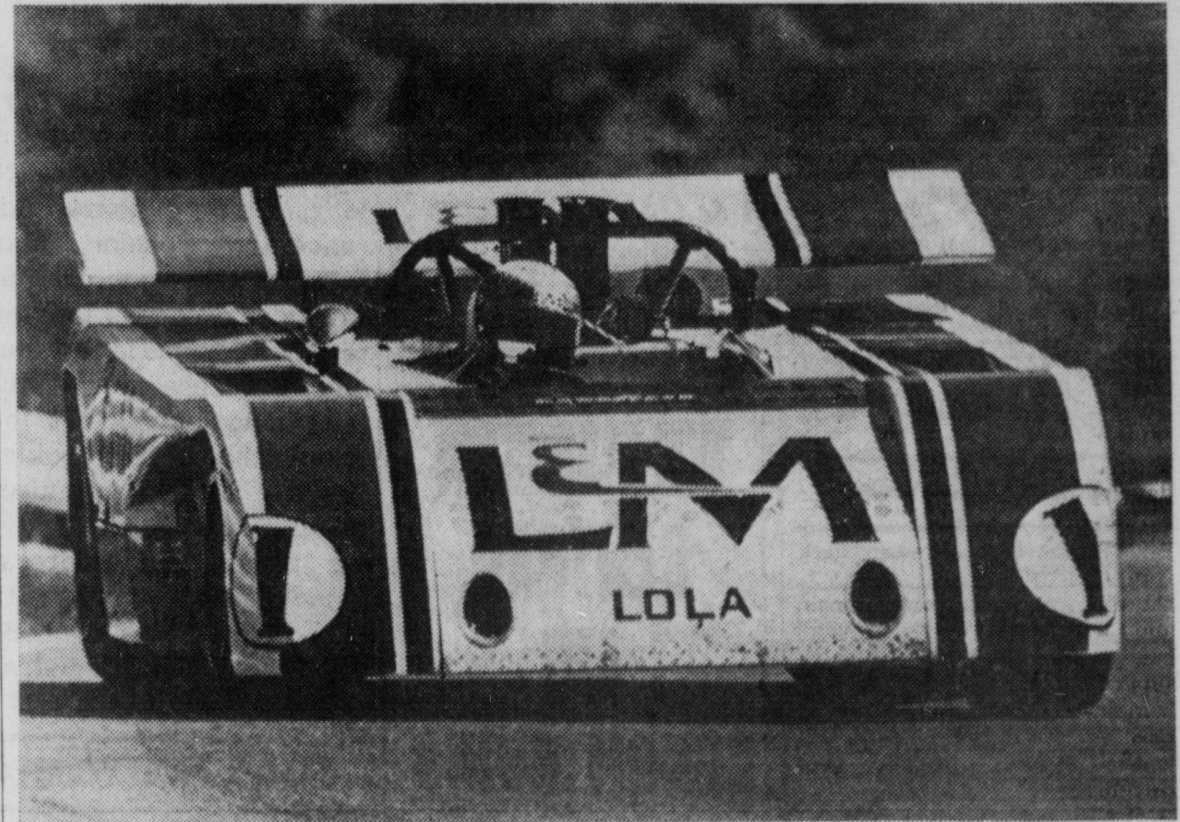

McAnally fanned Ken Henderson the potential trying run—to end the game following

pinch singles by Willie Mays and Willie McCovey.

Houston pushed across an eighth-inning run on Doug Rader's double, Jack Hiatt's single and Roger Metzger's infield out to edge the Cubs, Bob Watson helped the Astros to a 3-1 lead with three hits, including a run-scoring single and his sixth home run, before the Cubs rallied for two runs in the sixth on singles by Glenn Beckert, Billy Williams and Joe Pepitone. Ron Santo's sacrifice fly and Cleo James' squeeze bunt.

The third-place Cardinals—they trail Pittsburgh by 5 1/2—snapped a five-game losing streak by thumping Atlanta as Joe Torre drove in four runs

Massive Houston Oilers Shakeup Reaches To Levias

By MICHAEL A. LUTZ Associated Press Sports Writer

HOUSTON, Tex. (AP) — Practically the only thing that hasn't changed about the Houston Oilers is the oil derrick emblem on the sides of their helmets.

And from the shakeup new head coach Ed Hughes has un-

dertaken, even that may not be safe.

Last season's 3-10-1 finish must have told Oiler owner Bud Adams something. The Oilers have been revamped from general manager to trainer.

Hughes replaced Wally Lemm as head coach, brought in almost a completely new

staff and fell right in with the overhaul. He's shown no quarter in making trades he feels will help mold the Oilers into a fighting unit.

Hughes biggest shocker was trading the team's most exciting player, Jerry Levias to the San Diego Chargers for defensive tackles Ron Billingsley and Gene Ferguson.

Many fans gasped. Levias was about the only thing they had to cheer about in 1970. "I just bought my season ticket," one fan said, "and the only reason was to see Jerry Levias."

But Hughes reasoned that excitement didn't always win football games. He needed to fill gaps in his defensive and offensive lines and Levias helped him do it.

"Jerry didn't put the Oilers in a division championship," Hughes said. "Jerry could help me right now, but we needed some other people and I thought it was for the best interest of the ball club."

"This is not taking anything away from Jerry, but the best receiver in the world is no good if you can't keep the defense off the quarterback."

Hughes already had established quite a reputation as a trader before he sent Levias packing. And most of the activity was geared to juicing up the Oilers' anemic pass rush and pass protection from 1970.

Hughes spiced up his offensive line with Bob Young acquired from Denver, at left guard, free agents Jerry Sturm at center and Sam Walton at right tackle, and Ferguson at left tackle behind ageless Walt Suggs.

Sturm is vying with Bobby Maples for the center job. Young replaces Ken Gray, who retired, and Walton took over for Glen Ray Hines, traded to New Orleans.

The Oiler face-lift continues on defense. Dave Rowe and Mike Tillemann, traded away

Tom Weiskopf Wins Tough Philly Classic

PHILADELPHIA (AP) — Tom Weiskopf said the toughest guy he had to beat in the \$150,000 Philadelphia Golf Classic was Tom Weiskopf.

Weiskopf shot rounds of 67-71-66-70—274; Hill 68-68-71-68—275, and Nicklaus 66-73-70-67—276.

"I won on sheer determination and desire and it was the most rewarding tournament I've ever won except maybe for my first," said the 28-year-old Ohioan after shooting a 14 under par 274 to win the \$30,000 first prize by one stroke over Dave Hill and two better than Jack Nicklaus.

"I proved something to myself," said Weiskopf, who after taking a double bogey and a triple bogey on the last two holes at Sutton, Mass., a week ago, almost decided to forget tournament golf.

He recalls having second thoughts that quitting the tour would be the easy way out and not the right thing to do. So, he packed his clubs and came to Whitmarsh Valley Country Club for the Philadelphia tournament.

The crucial hole for Weiskopf was the 485 yard par five 17th. Hill hit that green in two and rolled in a threefoot putt for an eagle to tie Weiskopf at 13 under par. Hill went on to par the 18th and finish at 13 under par 275. Weiskopf, however, matched the eagle with a 10 foot putt to take a two-stroke lead.

Lansdowne Club Holds Member Championship

Greg Peck fired 302 to win the Upper Lansdowne member championship flight with Dick Wellington shooting 315 for second place.

Nelson Huff has a 78 for first spot in "A" flight with Jim Spellacy grabbing runner-up laurels.

Walt Halstenberg's 89 took top honors in "B" flight with Owen Fullen and Bill Brooks tying for second with 90. Fullen defeated Brooks on the first hole of a sudden death playoff.

Betty Neff shot 80 to capture the title in the Ladies championship flight with Ruth Fitzgerald taking second with an 86.

PAT Wolfe won the "A" flight. Bonnie Russell was runner-up. "B" flight went to Caroline Peters with Jere Cochran gaining second place.

"C" flight in the men's division has not been completed.

Reds Stop Pirates; Win 6-3

By HERSCHEL NISSENSON Associated Press Sports Writer The Pittsburgh Pirates and San Francisco Giants can't win for losing ... or can they?

The National League's divisional leaders—the Pirates have been on top since June 11, the Giants since April 12—took it on the chin again Sunday by identical 6:3 counts from Cincinnati and Montreal, respectively.

But again they didn't lose any ground when the runners' up also lost—the East Division Chicago Cubs bowing to Houston 4-3 and the West's Los Angeles Dodgers falling to Philadelphia 3-2.

Although the Pirates have dropped three in a row and 20 of their last 29 starts, they still lead the Cubs by 4½ games. The Giants also have lost three

straight and 11 of 18 but are 6½ games in front of the Dodgers. Elsewhere in the NL, St. Louis crushed Atlanta 13-4 and

the New York Mets downed San Diego 4-2. The Pirates jumped to a quick 2-0 lead over Cincinnati

Gridder Reverses Canada Flow

By BERT ROSENTHAL Associated Press Sports Writer

A recent trend has seen many Americans decide against a chance of playing in the National Football League and opt for a football career in Canada. Vic Washington hopes to change the flow of traffic.

Washington, who played three years in the Canadian Football League after starting for two varsity seasons at the University of Wyoming, has come back over the border and is trying to make it with the San Francisco 49ers of the NFL.

The flash 5-11, 190-pounder from Plainfield, N.J., enhanced his chance for a spot on the

roster by scoring on runs of 13 and 10 yards Sunday as the 49ers beat the San Diego Chargers 28-17 in an exhibition game at San Francisco.

In other Sunday preseason contests, Detroit edged Baltimore 20-20; the New York Jets trimmed the New York Giants 27-14, and Buffalo whipped New England 28-14.

On Saturday, it was Kansas City 27 New Orleans 7; Atlanta 21 Denver 10; Green Bay 10 Miami 7; Minnesota 34 Chicago 14; Houston 21 Philadelphia 17, and Oakland 20 Los Angeles 7.

In Friday's only game, Dallas nipped Cleveland 16-15.

The exhibition weekend will be completed tonight with Pittsburgh at Cincinnati.

The versatile Washington, who also plays wide receiver, defensive back and runs back punts and kickoffs, called his performance against the Chargers "a very important day for me."

"A lot of people said I wouldn't make it as a running back in the NFL because I'm not big enough," he added. "But the only thing that matters is how big your heart is. After three years in Canada (two with Ottawa and one with Vancouver), I thought I'd have a problem in adjusting. But I'm not."

At Wyoming, Washington led the nation in punt returns as a sophomore and was second as a junior, while playing both offense and defense. He also was a triple jumper on the track team and holds the school indoor and outdoor records in that event.

However, after his junior year, he had academic problems and went to play in Canada. When his class graduated in 1970 the 49ers made him their fourth draft choice, but contractual matters kept him in Canada until this year.

Now, he's come back to the United States, going in the opposite directions of such 1970 All-Americans as Steve Worster of Texas, Joe Theismann of Notre Dame, Jim Stullwagon of Ohio State and Rock Perdoni of Georgia Tech, all of whom elected to play in Canada this year.

Others who went North this year include Greg Barton of the Philadelphia Eagles of the NFL, Little All-American Jim Lindsey of Abilene Christian, junior Leon McQuay of Tampa, and quarterbacks Jim Chasey of Dartmouth and Don Moorhead of Michigan.

The elusive Washington scored after San Diego had taken a brief lead on Dennis Pardee's 29-yard field goal. His first touchdown came after defensive end Tommy Hart recovered a fumble on the Charger's 19-yard line, and the second after safety Roosevelt Taylor intercepted a pass and ran 16 yards to the San Diego 20.

Chillicothe Winner Of Teener Baseball

CHILLICOTHE, Ohio (AP)—In an 11-inning cliff-hanger, the Ohio V.F.W. Teener Baseball champions downed the New Jersey victors 7-6 Sunday to take the national Eastern Region title.

The Buckeye champions, Chillicothe Post 108, defeated the Camden County nine from Gloucester, N.J., on home territory. It was the first national title for the Chillicothe team, which has won the state championship nine times in the last 11 years.

Ron Rutherford, coming into the final inning hitless in 11 times at bat, bounced a double over the fence to give Chillicothe the win.

Hurrier Don Foster was credited with the win after Randy Hill was required by regulations to leave the mound at the end of the first nine innings.

when Bob Robertson smacked a bases-loaded single off Gary Nolan in the first inning. It didn't last long.

Tony Perez singled home a Cincinnati run in the last of the first and, after Pittsburgh made it 3-1 in the third, Hal McRae's double, Lee May's triple and an infield out knotted the score in the Reds' half.

Pete Rose snapped the deadlock in the fourth with a two-run homer, his 10th of the season and 100th of his career, as the surging Reds won for the 11th time in 4 meetings this month with the top four teams in the NL East.

The Big Red Machine, still hoping for a miracle finish after a horrible start, is only five games out of second place in

the NL West and 11 behind the Giants.

Rusty Staub drove in four runs with a double and three-run homer and rookie Ernie McAnally tossed a seven-hitter as the Expos turned back the Giants and ran their winning streak to seven games, a club record.

The Expos also took all six games from the Giants at Jarry Park—another first—and they did it before their second largest home crowd of the season, 28,102.

Staub's home run in the fifth wiped out a 3-2 Giant lead, which included a two-run homer by Alan Gallagher.

McAnally fanned Ken Henderson—the potential trying run—to end the game following

pinch singles by Willie Mays and Willie McCovey.

Houston pushed across an eighth-inning run on Doug Rader's double, Jack Hiatt's single and Roger Metzger's infield out to edge the Cubs. Bob Watson helped the Astros to a 3-1 lead with three hits, including a run-scoring single and his sixth home run, before the Cubs rallied for two runs in the sixth on singles by Glenn Beckert, Billy Williams and Joe Pepitone. Ron Santo's sacrifice fly and Cleo James' squeeze bunt.

The third-place Cardinals try trail Pittsburgh by 5½, snapped a five-game losing streak by thumping Atlanta as Joe Torre drove in four runs

Local Horses Win Double At Scioto

A pair of Pickaway County horses teamed up to win the night double at Scioto Downs Saturday.

Campus Martius, owned by Thomas J. Strawser of Circleville paced the mile in 2:04.4 in the first race. Mark Grismore was in the sulky.

Lloyd Dillon reined Now Reporting, owned by C. Dean Drake of New Holland to a 2:03.3 win in the second race.

Campus Martius returned \$20, \$9.60 and \$6.80 while Now Reporting paid \$11, \$6.40 and \$4.80 at the mutual window. The double payoff was \$118.40.

Brewers Turn Back Detroit, 2-1

By HAL BOCK Associated Press Sports Writer The Milwaukee Brewers had Dick McAuliffe coming and going and Freddie Patek kept Washington on the run.

The Brewers who had lost 11 consecutive games to the Tigers in Detroit, ended that dry day, scoring the winning run on a little hesitation step against McAuliffe.

Kansas City dumped Washington 4-1 with Patek stealing two more bases and increasing his major league leading total in that department.

Elsewhere in the American League Sunday, Chicago tripped Cleveland 5-3, California blanked New York 3-0, Oakland swept a doubleheader with Boston, winning the opener 9-3 and taking the second game 2-1, and Baltimore beat Minnesota 6-3.

The Brewers and Tigers were tied at 1-1 in the sixth inning when Tommy Harper opened with a double for Milwaukee. Ron Theobald's single moved Harper to third.

Next, Jose Cardenal bounced to second baseman McAuliffe. Instead of going for the double play, McAuliffe threw to the plate to cut off Harper. The only problem there was that Harper didn't try for the plate. He dove back to third base in-sead, leaving the bases loaded.

Dave May followed with another bouncer to McAuliffe. This time the second baseman went for the double play, but he didn't get it. May beat the relay to first by a step with Harper scooting home, carrying the winning run.

Patek, Kansas City's pesky little leadoff man, ran the Royals into a first inning run when

he reached on an error and then stole second and third base before scoring on Lou Piniella's single.

The two swipes gave the little 5-foot-4 infielder 43 stolen bases for the season, tops in the majors.

Four innings later, Patek was at it again, touching off another KC rally with a one-out double. He moved to third on an infield grounder and then scored on Gail Hopkins' single. Piniella's second single and Bob Oliver's double delivered two more runs.

Paul Splittorff got last-out help from Tom Burgmeier to pickup the victory, his third over Washington this season.

The White Sox got some long ball punch with Pat Kelly, Mike Andrews and Carlos May all polling home runs to beat Cleveland.

Duncan touched off a seven-run A's explosion in the seventh inning with his 14th homer of the year and then capped the rally with an RBI double. Earlrier, the slugging catcher had driven in Oakland's first two runs with his single.

The A's took the second game on Reggie Jackson's inside-the-park homer with two out in the ninth inning off Sonny Siebert. It was Jackson's 23rd homer. Bert Campaneris' leadoff homer in the first accounted for the A's other run.

Diego Segui pitched a three-hitter for Oakland, while Siebert permitted five hits.

The Orioles opened their East Division lead to a fat 11 games, using four home runs to beat Minnesota. Don Buford, Dave Johnson, Paul Blair and Andy Etchebarren all reached the seats for the Orioles.

Dave McNally earned the victory, his 15th, with late help from Eddie Watt. The Orioles four starters, McNally, Mike Cuellar, Pat Dobson and Jim Palmer, all have 15 or more victories.

Wilbur Wood ran his record to 17-9 for the Sox, who've won seven of their last eight games. Roy Foster homered for the Indians.

Andy Messersmith hurled a six-hitter while Jim Spencer and Roger Repoz rapped home runs as California clipped New York. Spencer also drove in another run with a single and finished the season with a .412 batting average, four homers and 10 runs batted in against the Yankees.

The shutout was the fourth of the season for Messersmith, who outduelled Fritz Peterson. New York managed just one run in the three weekend games against the Angels.

Dave Duncan drove in four runs with a single, double and homer as Oakland routed Boston in the first game of their doubleheader.

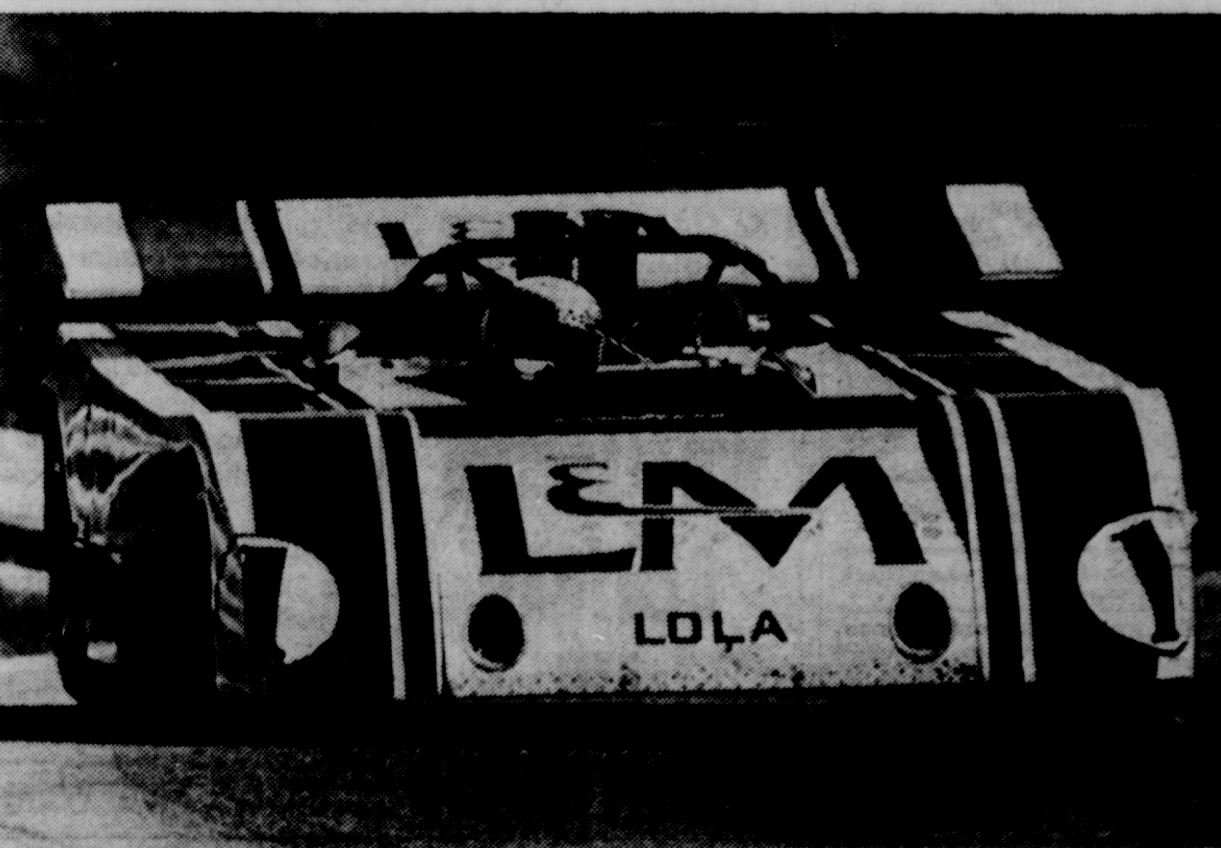

Duncan touched off a seven-run A's explosion in the seventh inning with his 14th homer of the year and then capped the rally with an RBI double. Earlrier, the slugging catcher had driven in Oakland's first two runs with his single.

NOTICE OF PETITION FOR ANNEXATION

Notice is hereby given that on the 21st day of July, 1971, there was presented to the Board of Commissioners of the County of Pickaway, State of Ohio, a petition signed by all of the property owners of the real estate sought to be annexed situated in the County of Pickaway and adjacent to the Village of South Bloomfield, Ohio, to wit:

Being a 123.76 acre tract of land situated in Harrison Township, Pickaway County, Ohio, constituting part of Tract No. 1, consisting of 151.90 acres as described in Volume 208 of Page 545 of the Pickaway County Deed Records which is bounded and described as follows:

Being bounded on north by the lands owned, in whole or in part by Minnie Hillard, Harold Reese, Chester Reese and Erma Reese; being bounded on the East by a 27.52 acre tract owned by Kolman and Mary Yando with said 27.52 acre tract being located in the Village of South Bloomfield, Ohio; being bounded on the South by lands owned by Chester S. Hutchinson and Virginia Hutchinson; and being bounded on the West by the Scioto River.

Praying therein that said territory be annexed to the Village of South Bloomfield, in the manner provided by law and designating the undersigned as their agent in securing such annexation.

The said Board of Commissioners has fixed the 27th day of September, 1971, as the time for hearing said petition at the office of the commissioners in Room 5, Pickaway County Courthouse at 2:00 P.M. D-5-S-7.

Houston Oilers...

(Continued from Page 9)

from New Orleans, replace Willie Parker and Tom Dromes at tackles. Pat Holmes and Elvin Bethea are the incumbent defensive ends but they've got competition.

The Oilers should be solid at linebacks with George Webster, Garland Boyette and Ron Pritchard, left to right. Pro Bowler Zeke Moore moves from right cornerback to left and Benny Johnson is filling at right corner.

John Charles, who came to the Oilers from Denver, replaced last year's right safety Johnny Peacock, who was waived, and Ken Houston remains at his left safety position.

The Oilers also raised eyelids in the draft by taking quarterbacks in the first two rounds.

Dan Pastorini, regarded as one of the "big three" quarterbacks of the 1971 draft, was the No. 1 pick followed by Kansas State's Lynn Dickey, who has been even more impressive than Pastorini in drills.

They're competing with veteran Charley Johnson but their arrival permitted Hughes to place another veteran, Jerry

Rhyme, on waivers. Johnson and the two rookies have had their good moments in exhibition play.

The Oilers aren't overstocked with talent at running back but Woody Campbell and Joe Dawkins return along with Mike Richardson.

The Oilers' receiving corps is impressive. Tight ends Willie Frazier and Alvin Reed give Hughes no cause for worry and Charlie Joiner, Ken Burroughs, also traded from New Orleans, and Jim Belrine are wide receivers.

Hughes says he's happy with his trades so far and won't hesitate to make further deals if they help the team. Although Levias fans were disappointed with that trade, Hughes is hoping he can give them a winner to gasp about.

Reds...

(continued from page 9)

with his 21st homer and a double. Jose Cruz also homered in the Redbirds 14-hit attack and Lou Brock scored five times.

John Vukoich singled home two runs in the fourth inning and the Phillies held on to edge the Dodgers behind Billy Wilson's clutch relief pitching.

Bill Russell homered in the sixth for the Dodgers and pinch hitter Bobby Valentine singled a run across in the seventh. Wilson relieved Ken Reynolds with one out and two runners aboard in the eighth and got Richie Allen to hit into a double play for the second time.

The Mets chased San Diego's Steve Arlin with a tie-breaking three-run rally in the fifth inning, including a run-scoring triple by Cleon Jones and singles by Art Shamsky, Ken Boswell and Ed Kranepool. Kranepool also singled home the Mets' first run while Nate Colbert tripled and scored in the fourth for the Padres and homered in the ninth, his 23rd.

Gary Gentry needed last-out relief from Tug McGraw.

Bold Reason Is Travers Stakes Victor

By ED SCHUYLER JR.

Associated Press Sports Writer

Trainer Angel Penna's prediction that Bold Reason would be one of the best 3-year-olds is borne out by the blue and gold paint on the canoe in the infield lake at Saratoga.

The canoe is painted in the colors of the owner of the Travers Stakes winner, and for the next year those colors will be those of William A. Levin, owner of Bold Reason.

Saturday's 102nd running of the Travers resulted in Bold Reason's sixth straight victory and left him undefeated since the Triple Crown races in which he finished fifth in the Preakness and third in the Kentucky Derby and Belmont Stakes. Penna had said at the time that Bold Reason would come along.

In two other six-figure races Saturday, Mrs. June H. McKnight's 5-year-old Princess Pout upset the boys in the \$116,400 Benjamin F. Lindheimer Handicap at Arlington Park and Jack Dreyfus' Peace Corps romped in the \$100,000-guaranteed Hobson Handicap at Liberty Bell, which was the first \$100,000 race in the relative short thoroughbred racing history of Pennsylvania.

Bold Reason, ridden by Laffit Pincay Jr. and carrying 120 pounds, took the lead inside the quarter pole and then held off West Coast Scout, 120, for a three-quarter length victory, with Good Counsel, 114, third.

Bold Reason and the 1 1/4 miles in 2:02 2/5 and paid a winning mutual of \$4.80 as the 7-5 favorite with the all-time Saratoga record crowd of 30,011.

Champions Retain Water Ski Titles

DELAWARE, Ohio (AP)—The fourth time was still charmed for the reigning champions in overall men's and women's water skiing at White Sulphur Lake over the weekend.

Mike Synderhoud of Petaluma, Calif., took his fourth successive men's title by winning the final jumping event at the 21st annual National Water Ski Championships.

Liz Allan Shetter of Richmond, Va., also claimed her fourth successive women's overall crown with a victory in the women's jumping event.

Lorenzen Splits With Granatelli

TALLADEGA, Ala. (AP) — Former stock car racing great Fred Lorenzen quit car owner Andy Granatelli Sunday, saying, "I refuse to drive a car that is not competitive."

Lorenzen, who finished a poor fourth in the Talladega 500 at Alabama International Speedway, had been driving a Plymouth under contract with the oil additive king since the start of the 1970 season.

Atomic Track Sets Tri-State Special Event

Atomic Speedway will present its fourth and probably the final super-special race of the current season Saturday night and all of the previous winners are expected among the long list of outstanding competitors.

All four of the previous winners have put in their appearance at Atomic this year and probably will be on hand for the running of the fourth annual Tri-State Invitational.

The new format that was introduced for the Buckeye 100 and proved popular with fans and drivers will be continued for the previously-all-modified invitational.

The program of a minimum of eight races will be capped with a 70-lap super-modified feature and a 30-lap super stock feature. The features will pay \$700, \$350 and \$300 and \$250, \$150 and \$100 for the first three places, respectively.

Previous winners were Ralph Quarterston of Sharon, Pa., who returned for this year's atomic 100; Bob Morgan of Chillicothe, who is back racing after several operations required by a freak accident at Atomic last year and Jim Meeker of Chillicothe and Sam Erwin of Portsmouth who shared last year's twin 50-lappers.

In the season's earlier Atomic super-specials Bobby Allen of Manchester, Pa., took the five-track co-operative race, Harold McGilton and Al Franks of Fremont shared the Atomic 100 and Junior Smalley of Waverly copped the Buckeye 100.

Chicago Takes Measure Of Tribe, 5-3

CLEVELAND, Ohio (AP) — Steve Dunning is ready to annihilate the fences at Cleveland Stadium.

Complete destruction is what the young Cleveland Indians hurler has in mind.

"If the season doesn't hurry and end so they can move the fences back, I'm going to sneak into the stadium some night and blow them up," Dunning said Sunday after being bombed by the Chicago White Sox for three

homers and five runs in five innings. Chicago won the game, 5-3.

"I can't believe it," said Dunning, who has been tagged for 22 homers this season. "I've give up too many little league homers. I'd have to say that at least nine would not have been home runs if we played in a decent park."

"I figure they scored two runs off me today and three off the park. The only legitimate ho-

mer was by Mike Andrews into the seats."

That would put Pat Kelly's leadoff homer in the first inning and Carlos May's two-run clout in the fifth in the little league category.

Ed Herrmann drove in the other Chicago run with a single that scored May from third.

Dunning had control problems, and walked five during his five-inning stint.

"I couldn't throw my curve

NOTICE OF PETITION FOR ANNEXATION		
Notice is hereby given that on the 26th day of July, 1971, there was presented to the Board of Commissioners of the County of Pickaway, State of Ohio, a petition signed by all of the property owners of the real estate sought to be annexed situated in the County of Pickaway and adjacent to the Village of South Bloomfield, Ohio, to wit:		
Being a 123.76 acre tract of land situated in Harrison Township, Pickaway County, Ohio, constituting part of Tract No. 1, consisting of 151.90 acres as described in Volume 205, Page 545 of the Pickaway County Deeds, which is hereby bounded and described as follows:		
Being bounded on north by the lands owned in whole or in part by Minnie Mar, Harold Rose, Chester Rose and Erna Rose; being bounded on the East by a 27.82 acre tract owned by Kolman and Mary Yando with said 27.82 acre tract being located in the Village of South Bloomfield, Ohio; being bounded on the South by lands owned by Chester S. Hutchinson and Virginia Hutchinson; and being bounded on the West by the Scioto River.		
Praying therein that said territory be annexed to the Village of South Bloomfield, in the manner provided by law and designating the undersigned as their agent in securing such annexation.		
The said Board of Commissioners has fixed the 27th day of September, 1971, as the time for hearing said petition at the office of the commissioners in Room 5, Pickaway County Courthouse at 2:00 P.M. D.S.T.

from New Orleans, replace Willie Parker and Tom Dromes at tackles. Pat Holmes and Elvin Bethea are the incumbent defensive ends but they've got competition.

The Oilers should be solid at linebackers with George Webster, Garland Boyette and Ron Pritchard, left to right. Pro Bowler Zeke Moore moves from right cornerback to left and Benny Johnson is filling at right corner.

John Charles, who came to the Oilers from Denver, replaced last year's right safety Johnny Peacock, who was waived, and Ken Houston remains at his left safety position.

The Oilers also raised eyelids in the draft by taking quarterbacks in the first two rounds.

Dan Pastorini, regarded as one of the "big three" quarterbacks of the 1971 draft, was the No. 1 pick followed by Kansas State's Lynn Dickey, who has been even more impressive than Pastorini in drills.

They're competing with veteran Charley Johnson but their arrival permitted Hughes to place another veteran, Jerry

Rhyme, on waivers. Johnson and the two rookies have had their good moments in exhibition play.

The Oilers aren't overstocked with talent at running back with Woody Campbell and Joe Dawkins return along with Mike Richardson.

The Oilers' receiving corps is impressive. Tight ends Willie Frazier and Alvin Reed give Hughes no cause for worry and Charlie Joiner, Ken Burrough, also traded from New Orleans, and Jim Beirne are wide receivers.

Hughes says he's happy with his trades so far and won't hesitate to make further deals if they help the team. Although Levis fans were disappointed with that trade, Hughes is hoping he can give them a winner to gasp about.

with his 21st homer and a double. Jose Cruz also homered in the Redbirds 14-hit attack and Lou Brock scored five times.

John Vukoich singled home two runs in the fourth inning and the Phillies held on to edge the Dodgers behind Billy Wilson's clutch relief pitching.

Bill Russell homered in the sixth for the Dodgers and pinch hitter Bobby Valentine singled a run across in the seventh. Wilson relieved Ken Reynolds with one out and two runners aboard in the eighth and got Richie Allen to hit into a double play for the second time.

The Mets chased San Diego's Steve Arlin with a tie-breaking three-run rally in the fifth inning, including a run-scoring triple by Cleon Jones and singles by Art Shamsky, Ken Boswell and Ed Kranepool. Kranepool also singled home the Mets' first run while Nate Colbert tripled and scored in the fourth for the Padres and homered in the ninth, his 23rd.

Gary Gentry needed last-out relief from Tug McGraw.

Bold Reason Is Travers Stakes Victor

By ED SCHUYLER JR.

Associated Press Sports Writer

Trainer Angel Penna's prediction that Bold Reason would be one of the best 3-year-olds is borne out by the blue and gold paint on the canoe in the infield lake at Saratoga.

The canoe is painted in the colors of the owner of the Travers Stakes winner, and for the next year those colors will be those of William A. Levin, owner of Bold Reason.

Saturday's 102nd running of the Travers resulted in Bold Reason's sixth straight victory and left him undefeated since the Triple Crown races in which he finished fifth in the Preakness and third in the Kentucky Derby and Belmont Stakes. Penna had said at the time that Bold Reason would come along.

In two other six-figure races Saturday, Mrs. June H. McKnight's 5-year-old Princess Pout upset the boys in the \$116,400 Benjamin F. Lindheimer Handicap at Arlington Park and Jack Dreyfus' Peace Corps romped in the \$100,000-guaranteed Hobson Handicap at Liberty Bell, which was the first \$100,000 race in the relative short thoroughbred racing history of Pennsylvania.

Bold Reason, ridden by Laffit Pincay Jr. and carrying 120 pounds, took the lead inside the quarter pole and then held off West Coast Scout, 120, for a three-quarter length victory, with Good Counsel, 114, third.

Bold Reason and the 114 miles in 2:02 2/5 and paid a winning mutual of \$4.80 as the 7-5 favorite with the all-time Saratoga record crowd of 30,011.

Dickson, who has been first or second for four straight weeks, started at the end of the 21-car field and moved over Spike Spears for the lead at the halfway point.

Jim Brown of Parkersburg, W. Va., finished third as the successor to Kenens in No. 55 and Bob Papoy of Salem, Ind., was fourth. Brown made his debut at Atomic by beating off Dickson all of the way in the dash and by edging Don Adams of Logan on the white flag lap of the fast heat.

BUD Newman of Frankfort became the ninth different super stock feature winner of the season by taking the lead on the third lap and then setting the pace for Jerry Rucker of Waverly and Frank Britton of Jackson across the finish line.

Newman also won the first heat on the white flag lap and Dick French of Jackson was in front all of the way in the other heat race.

Both features were slowed by wrecks. Audie Swartz of Portsmouth was taken to the hospital for treatment for a leg injury when his Charlie Brown Special flipped on the front straight in a multi-car pileup that also took the cars of Sam Erwin and Bud Frazier out of action. In the stock feature the car of Dick French left the third turn, went through a fence and hit one car and drove it into another that was parked in a restricted area.

Atomic Track Sets Tri-State Special Event

Atomic Speedway will present its fourth and probably the final super-special race of the current season Saturday night and all of the previous winners are expected among the long list of outstanding competitors.

All four of the previous winners have put in their appearance at Atomic this year and probably will be on hand for the running of the fourth annual Tri-State Invitational.

The new format that was introduced for the Buckeye 100 and proved popular with fans and drivers will be continued for the previously-all-modified invitational.

The program of a minimum of eight races will be capped with a 70-lap super-modified feature and a 30-lap super stock feature. The features will pay \$700, \$350 and \$300 and \$250, \$150 and \$100 for the first three places, respectively.

Previous winners were Ralph Quarterston of Sharon, Pa., who returned for this year's atomic 100; Bob Morgan of Chillicothe, who is back racing after several operations required by a freak accident at Atomic last year and Jim Meeker of Chillicothe and Sam Erwin of Portsmouth who shared last year's twin 50-lappers.

In the season's earlier Atomic super-specials Bobby Allen of Manchester, Pa., took the five-track co-operative race, Harold McGilton and Al Franks of Fremont shared the Atomic 100 and Junior Shanley of Waverly copped the Buckeye 100.

Lorenzen Splits With Granatelli

TALLADEGA, Ala. (AP) —

Former stock car racing great Fred Lorenzen quit car owner Andy Granatelli Sunday, saying, "I refuse to drive a car that is not competitive."

Lorenzen, who finished a poor fourth in the Talladega 500 at Alabama International Speedway, had been driving a Plymouth under contract with the oil additive king since the start of the 1970 season.

Chicago Takes Measure Of Tribe, 5-3

CLEVELAND, Ohio (AP) — Steve Dunning is ready to annihilate the fences at Cleveland Stadium.

Complete destruction is what the young Cleveland Indians hurler has in mind.

"If the season doesn't hurry and end so they can move the fences back, I'm going to sneak into the stadium some night and blow them up," Dunning said Sunday after being bombed by the Chicago White Sox for three

homers and five runs in five innings. Chicago won the game, 5-3.

"I can't believe it," said Dunning, who has been tagged for 22 homers this season. "I've give up too many little league homers. I'd have to say that at least nine would not have been home runs if we played in a decent park."

"I figure they scored two runs off me today and three off the park. The only legitimate ho-

mer was by Mike Andrews into the seats."

That would put Pat Kelly's leadoff homer in the first inning and Carlos May's two-run clout in the fifth in the little league category.

Ed Herrmann drove in the other Chicago run with a single that scored May from third.

Dunning had control problems, and walked five during his five-inning stint.

Naval Data On Ohio Man Incomplete, Family Says

DAYTON, Ohio (AP) — The Navy said in a report released over the weekend that dental records, blood type and body build were the criteria used in identifying a body as that of Mark V. Dennis.

The report was made available to Mr. and Mrs. Charles Dennis of Miami, parents of the youth the Navy says was killed in Vietnam in 1966.

The Dennis family contends that the body shipped them after their son was reported killed in a helicopter crash is not that of Mark.

They had the body exhumed and examined by two scientific experts after seeing a photograph in a national magazine last November of a person they believe was Mark. The picture, of a U.S. prisoner of war in Vietnam, has been identified as a Virginia man by the Navy.

Naval sources originally told the family identification was based on fingerprints and dog tags. But the badly-burned body has no hands, and the two scientists said the tags could not have been on the body at the time it was burned.

In a 35-page report of its own

recent examination of the body, the Navy now says its conclusions are based on dental, blood and body build analyses.

A hand-written report, the Navy said, showed Mark was 5 feet 7 1/4 inches tall when he entered the Navy at age 17 in 1964. A two-inch growth was projected over the next two years.

Others who have seen the report, however, say the height figure could also be 5 feet 9 1/4 inches. Mark's parents say he was at least 5-feet-11 in the last photograph they have of him, standing beside his brother Jerry, who is 5-feet-11 1/2.

Experts do not agree completely on comparisons of dental and blood findings in their examinations of the body with Mark's medical records.

In addition, Jerry Dennis said, the Navy says three sets of records bearing on the case are missing—incident reports from

the crash, medical reports from Mark's hospitalization in Vietnam one week before the crash and dental X-rays taken in March, 1966.

"For some reason the Navy says they are missing, although the other records from the time he entered the Navy are there," the brother said.

The other dead convicts were John Lynn, 29, Ventura, Calif., serving a second-degree murder sentence and Ronald Kane, 28, Fresno, Calif., doing time for car theft and a prison escape attempt.

The dead guards were identified as Graham, 39, Frank P. De Leon, 44, and Paul Krasnes, 52.

Lawyer . . .

(Continued from Page 1)

Shortly before 3 p.m. a male visitor left the prison after talking with Jackson.

Jackson was taken by a guard back to the three-story adjustment center housing the prison's most dangerous men—including the two other black Soledad Brothers, a trio given that name after they were charged with killing a guard in Soledad Prison.

A guard, following routine on a prisoner's return from the visiting room, ordered Jackson to strip for a weapons search.

The convict then pulled a loaded 9mm pistol.

Park said no one has pieced together what happened in the next few minutes but he believes Graham entered at this point to see why other guards had not come out of the center.

Graham then was shot, Park said.

Someone—possibly Jackson—threw an automatic switch which unlocked all the first floor cells. This unlocked 27 prisoners, including the two other Soledad Brothers and Ruchell Magee, a black accused of murder-conspiracy with black militant Angela Davis in a Marin County courthouse shootout last year that took the lives of four, including a judge.

An unknown number of convicts then slashed two white convicts and two white guards to death with knives, Park said. He said the body of Graham, already dead by gunshot, also was slashed.

Three other white guards suffered knife wounds.

Park said Graham's concerned curiosity apparently "precipitated them to put a plan of escape into effect earlier than planned by Jackson and the other inmates."

Park said "this accounts for some of the seemingly irrational kind of things that happened, such as why Jackson ran out with only one other convict following him."

Larry Spain, 22, the convict running with Jackson, rolled into some bushes and was not injured. Spain is serving a murder term.

B52s Keep Hammering Reds

SAIGON (AP) — U.S. B52 bombers flew nearly 20 more strikes just below the demilitarized zone today, and South Vietnamese infantrymen reported finding bodies of 76 North Vietnamese killed by earlier B52 raids.

Despite the heavy raids along the northern frontier, the South Vietnamese Command reported three more North Vietnamese rocket and mortar attacks on forward bases below the DMZ and two other shellings in the northern provinces. But a military spokesman, Lt. Col. Le Trung Hien, said there were no casualties.

Hien said a company from the South Vietnamese 1st In-

fantry Division found bodies of 76 North Vietnamese soldiers about 15 miles south of the DMZ in an area where B52 bombers hit earlier. He said the infantrymen also found nine machine guns, four rocket launchers and 10 assault rifles.

The spokesman reported only one ground action in the area below the DMZ, a fight near Fire Base Alpha 4. Hien said government troops killed four North Vietnamese and suffered two men killed and 14 wounded.

The U.S. Command announced that three American fighter-bombers attacked anti-aircraft and missile sites inside North Vietnam Sunday in two separate strikes. A commu-

nique said results of the strikes were not known, but the American planes were not damaged.

The strikes were the 50th and 51st "protective reaction" attacks reported in North Vietnam this year.

The U.S. planes hit at gun and missile sites 38 and 115 miles northwest of the demilitarized zone, military spokesmen said. Two of the U.S. planes were on a bombing mission over Laos when they were fired upon by anti-aircraft guns inside North Vietnam, spokesmen said. The third plane also was flying a mission over Laos and attacked when it detected by electronic means that a North Vietnamese missile site was tracking it with radar preparatory to firing, the U.S. Command said.

The U.S. Command also reported that American troop strength in Vietnam was reduced another 2,800 men last week to 220,100 men, the lowest since February 1966.

In neighboring Cambodia, heavy fighting was reported Sunday along Highway 6 about

50 miles northeast of Phnom Penh.

The Cambodian Command claimed 60 North Vietnamese and Viet Cong were killed, apparently most of them by air strikes and artillery fire. There was no official report of Cambodian casualties, but other sources said at least half a dozen government troops were killed.

Labor Leaders

Eye Wage Tactic

COLUMBUS, Ohio (AP) — Some labor leaders in the state are considering possible ways of circumventing President Nixon's wage freeze in negotiating contracts during the 90-day period it is to be in effect.

Post-freeze bonuses and higher-than-normal increases at the end of the period are among approaches being studied.

Still very much up in the air is the attitude of the new federal Cost of Living Council toward such attempts to compensate for losses incurred by employees during the freeze.

The council has ruled that retroactive contracts allowing increases to be paid for the freeze period after it ends are not permissible. But it has not taken a stand on other possible ways of sidestepping the President's order.

Easy-Going Texan Heads Federal Freeze Prosecution

By MARK BROWN
Associated Press Writer

WASHINGTON (AP) — When the Nixon administration's top Texan, Treasury Secretary John B. Connally, called for a suit against his home state for defying the wage-price freeze, the job of bringing it fell to another Texan on the Nixon team, L. Patrick Gray II.

Gray, a native of Houston, is assistant attorney general in charge of the Justice Department's civil division. Atty. Gen. John N. Mitchell has named him chief legal enforcer of the 90-day freeze. And Gray is willing to bet his new assignment will not bring him much extra work.

"I just believe the American people are going to react well to the President's rather dramatic announcement," Gray said in an interview. "I would emphasize that we are going to place pretty heavy reliance on the voluntary cooperation of the people concerned. I don't think this is too idealistic."

And, as if to prove that his confidence is more than talk, Gray departed over the weekend on a two-week vacation, leaving his staff to file the suit against Texas Gov. Preston Smith Tuesday or Wednesday in Austin.

Gray, a former Navy submarine officer, has been a Nixon man since the latter stages of Nixon's vice presidency.

Joining Nixon's staff in 1960,

he went into private law practice in New Haven, Conn., after that year's unsuccessful campaign. He remained there until called back to Washington by the president-elect in late 1968.

His first job was an executive assistant to former Health, Education and Welfare Secretary Robert H. Finch. Later he became a special consultant to the cabinet-level Committee on Education, which carried out the administration's school desegregation policy during the summer and fall of 1970.

Henderson My Lai Trial To Begin

FT. MEADE, Md. (AP) — The court martial of Col. Oran K. Henderson—the first of the My Lai trials to examine the massacre's aftermath—begins today with the prospect that high ranking Army officers will be called to testify.

Two generals and five colonels are on the jury hearing the case against the 51-year-old career officer who has been wounded and decorated in three wars.

The Army prosecutor, Maj. Carroll J. Tichenor, included a retired brigadier general in the first week's list of a dozen prospective witnesses.

Henderson's civilian attorney, Henry Rothblatt, said: "I may bring every bit of brass that had anything to do with Vietnam," including Gen. William Westmoreland, long time commander of American forces there and now Army chief of staff.

Henderson is charged with willfully failing to investigate reports of a massacre and violating a regulation to report "incidents and acts thought or alleged to be war crimes."

He also is charged in two counts with lying to a blue ribbon Army inquiry into the events at My Lai.

The five other My Lai courts-martial—including the current one of Capt. Ernest Medina in Georgia and the 4 1/2-month trial that convicted Lt. William L. Calley Jr. of murdering 22 civilians—have focused on the assault itself.

Youth Gunned Down By Armed Robbers

CLEVELAND, Ohio (AP) — A 17-year-old East Side youth employed as night manager at a Red Barn restaurant in East Cleveland was shot and killed early Sunday when he returned home from work.

Kenneth A. Young had just received his pay and homicide detectives said he apparently was killed by robbers waiting for him on the back porch of his East 82nd Street home.

4 Escapees

Are Recaptured

NEW LEXINGTON, Ohio — Four escapees from the Junction City Detention Center were captured today near Sego north of here about six hours after they had broken out.

The escapees had taken three center employees as hostages but they were later released unharmed.

One of the hostages, Bill Dun spotted the escapees in an open field near Sego in Northern Perry County. The men were taken into custody without resistance.

The Ohio Highway Patrol said the men had been armed with icepicks and knives.

The two other hostages were Lou Gary and Harold Rose.

Man Freed In Juvenile Matter

Pickaway County Juvenile Court Judge Guy Cline ordered the release from jail last week of Ray Stepp, 21, Canal Winchester, charged with contributing to the neglect and delinquency of a young Pickaway County girl.

Stepp admitted guilt to keeping the Ashville area girl out until early morning hours and was released under probation for one year. His six month jail term was suspended by the judge.

28 Slain In Korean Jailbreak

SEOUL (AP) — Twenty-eight persons were killed and seven others were missing today after a group of South Korean military prisoners escaped from a west coast island and tried to reach downtown Seoul in a hijacked bus, Defense Minister Jung Nae-hiuk said tonight.

The Counter-Espionage Operations Command had announced earlier that the bus was commandeered by 21 North Korean infiltrators who had landed at Incheon in uniforms of the South Korean Special Forces.

The defense minister said he had submitted his resignation to assume responsibility for the incident.

Naval Data On Ohio Man Incomplete, Family Says

DAYTON, Ohio (AP) — The Navy said in a report released over the weekend that dental records, blood type and body build were the criteria used in identifying a body as that of Mark V. Dennis.

The report was made available to Mr. and Mrs. Charles Dennis of Miami, parents of the youth the Navy says was killed in Vietnam in 1966.

The Dennis family contends that the body shipped them after their son was reported killed in a helicopter crash is not that of Mark.

They had the body exhumed and examined by two scientific experts after seeing a photograph in a national magazine last November of a person they believe was Mark. The picture, of a U.S. prisoner of war in Vietnam, has been identified as a Virginia man by the Navy.

Naval sources originally told the family identification was based on fingerprints and dog tags. But the badly-burned body has no hands, and the two scientists said the tags could not have been on the body at the time it was burned.

In a 35-page report of its own

recent examination of the body, the Navy now says its conclusions are based on dental, blood and body build analyses.

A hand-written report, the Navy said, showed Mark was 5 feet 7 1/2 inches tall when he entered the Navy at age 17 in 1964. A two-inch growth was projected over the next two years.

Others who have seen the report, however, say the height figure could also be 5 feet 9 1/2 inches. Mark's parents say he was at least 5-foot-11 in the last photograph they have of him, standing beside his brother Jerry, who is 5-foot-11 1/2.

Experts do not agree completely on comparisons of dental and blood findings in their examinations of the body with Mark's medical records.

In addition, Jerry Dennis said, the Navy says three sets of records bearing on the case are missing—incident reports from

the crash, medical reports from Mark's hospitalization in Vietnam one week before the crash and dental X-rays taken in March, 1966.

"For some reason the Navy says they are missing, although all the other records from the time he entered the Navy are there," the brother said.

Lawyer . . .

(Continued from Page 1)

Shortly before 3 p.m. a male visitor left the prison after talking with Jackson.

Jackson was taken by a guard back to the three-story adjustment center housing the prison's most dangerous men—including the two other black Soledad Brothers, a trio given that name after they were charged with killing a guard in Soledad Prison.

A guard, following routine on a prisoner's return from the visiting room, ordered Jackson to strip for a weapons search.

The convict then pulled a loaded 9mm pistol.

Park said no one has pieced together what happened in the next few minutes but he believes Graham entered at this point to see why other guards had not come out of the center.

Graham then was shot, Park said.

Someone—possibly Jackson—threw an automatic switch which unlocked all the first floor cells. This unlocked 27 prisoners, including the two other Soledad Brothers and Ruchell Magee, a black accused of murder-conspiracy with black militant Angela Davis in a Marin County courthouse shootout last year that took the lives of four, including a judge.

An unknown number of convicts then slashed two white convicts and two white guards to death with knives, Park said. He said the body of Graham, already dead by gunshot, also was slashed.

Three other white guards suffered knife wounds.

Park said Jackson's concerned curiosity apparently "precipitated them to put a plan of escape into effect earlier than planned by Jackson and the other inmates."

Park said "this accounts for some of the seemingly irrational kind of things that happened, such as why Jackson ran out with only one other convict following him."

Larry Spain, 22, the convict running with Jackson, rolled into some bushes and was not injured. Spain is serving a murder term.

The dead guards were identified as Graham, 39, Frank P. De Leon, 44, and Paul Krasnes, 52.

B52s Keep Hammering Reds

SAIGON (AP) — U.S. B52 bombers flew nearly 20 more strikes just below the demilitarized zone today, and South Vietnamese infantrymen reported finding bodies of 76 North Vietnamese killed by earlier B52 raids.

Despite the heavy raids along the northern frontier, the South Vietnamese Command reported three more North Vietnamese rocket and mortar attacks on forward bases below the DMZ and two other shelling in the northern provinces. But a military spokesman, Lt. Col. Le Trung Hien, said there were no casualties.

Hien said a company from the South Vietnamese 1st In-

fantry Division found bodies of 76 North Vietnamese soldiers about 15 miles south of the DMZ in an area where B52 bombers hit earlier. He said the infantrymen also found nine machine guns, four rocket launchers and 10 assault rifles.

The spokesman reported only one ground action in the area below the DMZ, a fight near Fire Base Alpha 4. Hien said government troops killed four North Vietnamese and suffered two men killed and 14 wounded.

The U.S. Command announced that three American fighter-bombers attacked anti-aircraft and missile sites inside North Vietnam Sunday in two separate strikes. A commu-

nique said results of the strikes were not known, but the American planes were not damaged.

The strikes were the 50th and 51st "protective reaction" attacks reported in North Vietnam this year.

The U.S. planes hit at gun and missile sites 38 and 115 miles northwest of the demilitarized zone, military spokesmen said. Two of the U.S. planes were on a bombing mission over Laos when they were fired upon by anti-aircraft guns inside North Vietnam, spokesmen said. The third plane also was flying a mission over Laos and attacked when it detected by electronic means that a North Vietnamese missile site was tracking it with radar preparatory to firing, the U.S. Command said.

The U.S. Command also reported that American troop strength in Vietnam was reduced another 2,800 men last week to 220,100 men, the lowest since February 1966.

In neighboring Cambodia, heavy fighting was reported Sunday along Highway 6 about

50 miles northeast of Phnom Penh.

The Cambodian Command claimed 60 North Vietnamese and Viet Cong were killed, apparently most of them by air strikes and artillery fire. There was no official report of Cambodian casualties, but other sources said at least half a dozen government troops were killed.

Labor Leaders

Eye Wage Tactic

COLUMBUS, Ohio (AP) — Some labor leaders in the state are considering possible ways of circumventing President Nixon's wage freeze in negotiating contracts during the 90-day period it is to be in effect.

Post-freeze bonuses and higher-than-normal increases at the end of the period are among approaches being studied.

Still very much up in the air is the attitude of the new federal Cost of Living Council toward such attempts to compensate for losses incurred by employees during the freeze.

The council has ruled that retroactive contracts allowing increases to be paid for the freeze period after it ends are not permissible. But it has not taken a stand on other possible ways of sidestepping the President's order.

Easy-Going Texan Heads Federal Freeze Prosecution

By MARK BROWN

Associated Press Writer

WASHINGTON (AP) — When the Nixon administration's top Texan, Treasury Secretary John B. Connally, called for a suit against his home state for defying the wage-price freeze, the job of bringing it fell to another Texan on the Nixon team, L. Patrick Gray II.

Gray, a native of Houston, is assistant attorney general in charge of the Justice Department's civil division. Atty. Gen. John N. Mitchell has named him chief legal enforcer of the 90-day freeze. And Gray is willing to bet his new assignment will not bring him much extra work.
